

Hispanic & Latin American Heritage Resources

Our [shared values](#) of diversity and inclusiveness, respect, collaboration and accountability drive our mission to inspire inclusive excellence every day. We strive to create a university environment that feels like home for each and every individual who makes up our community.

UAB is committed to seeing the diversity of our state and our nation reflected in the student body, faculty and staff representation at our beloved university. The Hispanic and Latin American population is one of the fastest growing in our nation and also in Alabama. We welcome students, faculty and staff of Hispanic or Latino origin and openly embrace their rich culture, heritage and traditions. At UAB, we proudly encourage the celebration of historical and annual observances including Hispanic Heritage Month.

Below is a list of resources to help us all embrace Hispanic and Latin culture from university organizations to books and films.

UAB Resources:

- Association
- [Hispanic Interest Coalition of Alabama \(HICA\)](#)
