Legacy Payroll Info (OPIE)

The LEGACY PAYROLL INFO (OPIE) was designed to provide organizations the ability to access detail payroll and labor distribution information from the old LEGACY (HURS & FAS) system. The user submits the parameters for the report; the information is extracted and the report is delivered through the UAB REPORT VIEWER in an Excel spreadsheet.

LEGACY PAYROLL INFO (OPIE) has open access and the terminology/codes used on the form, as well as the output, are LEGACY (HURS & FAS) terminology and coding.
