

GETTING TO ZERO,
GETTING THERE
TOGETHER

WORLD AIDS DAY
2011

WHY SHOULD YOU GET TESTED FOR HIV?

- Almost 30% of those diagnosed with HIV this year in Alabama were under 25 years old;
- In the US, at least 1 in 5 people with HIV is unaware of his/her HIV status ;
- You have to be tested for HIV to know your status ;
- The rapid test is a swab of the mouth and comes with your own risk reduction plan!

WORLD AIDS DAY CONFIDENTIAL HIV TESTING & COUNSELING

OraQuick rapid HIV testing

Testing takes 20 minutes, but could keep you healthy for a lifetime.

Hill University Center, Great Hall

Thursday, December 1, 2011

9am-3pm
