A Basic Course in Partial Differential Equations, by Qing Han, Graduate Studies in Mathematics, Volume 120, American Mathematical Society, Providence, RI, 2011.

Resources:

Grading: The course grade will comprise the following:
1 midterm (20%)
Regular homework - including (possible) presentations in class (40%)
A comprehensive final examination (40%)

Make-up(s): None.
If you miss the final, you will receive a score of zero on the exam. If you miss the midterm for serious and verifiable circumstances, your score on the final will be used (proportionally) in its place.

Homework:
Homework will be assigned regularly. Since the homework grade constitutes 40% of your course grade, it is strongly recommended that you attend classes on a regular basis and complete all homework assignments when due. No late homework will be accepted; for any reason!

Final Examination:
Thursday, April 26, 2018, 10:45am – 1:15pm. (Note that the final exam will be a comprehensive examination.)
