COURSE DESCRIPTION
CALCULUS I, MA 125–6C, SPRING 2014

DEPARTMENT OF MATHEMATICS, UNIVERSITY OF ALABAMA AT BIRMINGHAM

Course Instructor: Roman Shterenberg
Office: CH 486; Phone#: (205)934-2154; E-mail: shterenb@math.uab.edu
Office Hours: After class in the office, drop-in, phone/email for appointment.

Meeting times: MW 12.20pm-2.10pm
Meeting location: HHB125
Prerequisite: Grade of C or better in MA 106, MA 107 or equivalent. Any student who has not fulfilled the prerequisite will be dropped from the class.

Credits: 4 semester hours

Below is the link to the personalized website for UAB Calculus where students can purchase their course materials directly from Cengage Learning at a discount.
http://www.cengagebrain.com/micro/5PI-2OWN
Option #1: Loose leaf bundle (3-ring binder) version of the Stewart textbook packaged together with Enhanced WebAssign access (includes full eBook). MICROSITE PRICE $120
Option #2: eBook only: access to Enhanced WebAssign student will use eBook available within the platform and not purchase a printed textbook. MICROSITE PRICE $95
Option #3: Hardbound bundle: hardbound version of the full textbook packaged together with Enhanced WebAssign access (includes full eBook). MICROSITE PRICE $156

Important dates:
First day of classes: January 6, 2014
Last day to drop without paying full tuition: January 13, 2014
MLK Holiday: January 20, 2014
Spring Break: March 24–28, 2014
Last day to withdraw with a “W”: March 31, 2014
Last day of class: April 16, 2014
  Test 1: Wednesday, February 5, 2014;
  Test 2: Monday, March 10, 2014;
  Test 3: Monday, April 14, 2014.
(These dates are approximate and may be slightly shifted due to unforeseen circumstances.)
Final exam: Wednesday, April 23 from 1:30–4:00pm; room to be announced later.

Course policies:
• Please make sure that you are able to receive e-mail through your Blazer-ID account. Official course announcements may be sent to that address.
• If you are contacted by the Early Alert Program, consider taking advantage of the services it offers. Various services to assist you are also listed in the Student Resources section of the Blazernet web site.
• If you wish to request a disability accommodation please contact DSS at 934-4205 or at dss@uab.edu.
• The two lowest quiz grades and the two lowest homework grades will be dropped to account for any missed assignments due to illness or any other circumstance. If a test is missed due to a serious verifiable circumstance or official university business, the test grade will be replaced with the properly rescaled final exam score. You must contact the instructor of such circumstances before the exam takes place.
• No books, notes, or calculators will be allowed during any of the tests or quizzes.

Methods of teaching and learning:

Date: January 2, 2014.
• Class meetings of 100 minutes consisting of lectures and discussions of examples and homework problems. Time also includes quizzes and four in-class tests.
• Some time will be devoted to Labs where students work practice problems.
• Students are expected to undertake at least 10 hours of private study and homework per week.
• The online homework system WebAssign will be used (look for more information below).

Assessment procedures:
• Student achievement will be assessed by the following measures:
  – Regular online homework. Homework will be due on most Mondays. There will be no extension of deadlines for any reason (however, the lowest two grades will be dropped). Feedback is provided when wrong answers are given. Students are encouraged to retake the homework problems (with randomly changed parameters) until they obtain correct answers. A limited number of takes is allowed during the week in which the set is available. Homework contributes 13% to the course average. Problems on tests are modeled after homework problems. Staying on top of homework is therefore extremely important.
  – Unannounced/announced quizzes. Quiz problems are similar to the homework problem sets. This allows students to gauge whether they are ready to work problems in a test situation. Quizzes contribute 12% to the course average.
  – Three in class tests contribute 40% (total) to the course average.
  – A 150-minute comprehensive final examination contributes 35% to the course average.
• Your course average includes the final exam score and is a number between 0 and 100.
• Your final grade is determined according to the following table:
  Course average: 88-100 75-87 62-74 50-61 below 50
  Final Grade: A B C D F
• Your grade may be raised by a strong performance on the final exam (normally by at most one letter grade).

Tips:
• Help is available in the Math Learning Lab (HBB 202) M–Th 9–8, F 9–5.
• You can find old tests at http://people.cas.uab.edu/~mosya/exams/
• By working steadily and regularly, you will increase your chances to succeed in this course.
• Remember, being a full time student is a full time job.

How to get started on Enhanced WebAssign:
(1) Go to www.webassign.net and click on I HAVE A CLASS KEY in the signin link.
(2) Enter the following course key:
   uab 7588 6310
   and proceed. (If prompted for your institution, enter uab)
(3) When prompted to purchase an access code, select “... trial period” (Do not purchase an access code at this time. However, you must purchase an access code within two weeks for you to continue using the system beyond the two-week trial period. The system will prompt you to enter your access code when the deadline approaches. Your book may have an access code bundled with it. You must use it.)
(4) After your first registration, you can sign in as returning user.
(5) If you run into technical problems, Enhanced WebAssign provides technical support online and/or by phone.

• Chapter 1: 1.1 – 1.6.
• Chapter 2: 2.1 – 2.7, parts of 2.8.
• Chapter 3: 3.1 – 3.3, 3.5, 3.7.
• Chapter 4: 4.1 – 4.5, parts of 4.7.
