What is the business case for your translational science?

Find out via the I-Corps@NCATS Regional Short Course. Based on the National Science Foundation’s Innovation Corps (I-Corps™) program, the premiere federally-funded innovation and commercialization training in the U.S., I-Corps@NCATS provides biomedical scientists, clinician scientists and engineers with a new approach to accelerate the translation of discoveries from the lab to clinical practice.

**WHO:** Teams of faculty, postdocs and/or students with biomedical innovations or ideas

**WHAT:** The five-week I-Corps@NCATS Regional Short Course will help you connect with potential customers for your research project, protocol, service, or prototype.

**WHY:** This course is designed to help you...
- Determine the commercial viability of your innovation
- Develop a successful business case for securing funding
- Expand your network of innovation partners, mentors, and potential collaborators
- Develop a new way of thinking about your research

**APPLY:** By August 3, 2018 at [https://is.gd/ICORPSatNCATS](https://is.gd/ICORPSatNCATS)

**AGENDA:**

| Week 4 | 30-minute online “office hours” with teaching team, flexible timing (must attend online) |
| Week 5 (Oct 19) | Face-to-face finale, 9am-2pm  
Hyatt Place, UC Davis (must attend) |

**I-Corps@NCATS Teaching Team**

- **Edmund Pendleton, MS**  
  Director, NSF SBIR Bootcamp, Lead Instructor, NSF & NIH I-Corps  
  University of Maryland

- **James J. Kovach, MD, JD**  
  Director, Entrepreneurship & Innovation, Office of Entrepreneurship & Industry Alliances  
  UC Davis Health

- **Nicholas Kenyon, MD, MAS**  
  Professor of Medicine & Division Chief, Pulmonary, Critical Care and Sleep Medicine  
  UC Davis Health

- **Cristina Davis, PhD**  
  Professor, Department of Mechanical and Aerospace Engineering  
  UC Davis Health

- **Nathaniel Hafer, MD**  
  Director of Operations, Center for Clinical and Translational Science Assistant Professor, Program in Molecular Medicine  
  Co-Director, MA Medical Device Development Center (M2D2)  
  University of Massachusetts Medical School
