

# Biomedical Informatics Half-Day Immersion Course

Thursday, July 27, 2017

8am - 1pm

PCAMS Building, 1924 7th Avenue South

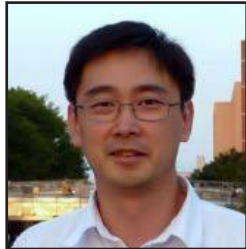

**Eta S. Berner, EdD**  
Co-Director,  
CCTS Informatics  
Professor, UAB Graduate  
Programs in Health  
Informatics

**James J. Cimino, MD**  
Director  
UAB Informatics Institute

**Jake Y. Chen, MD**  
Associate Director  
UAB Informatics Institute

**Elliot J. Lefkowitz, PhD**  
Director, CCTS Informatics  
Professor, Microbiology

**Matthew C. Wyatt, MSHI**  
Assistant Director  
CCTS Informatics

Cosponsored by the **Center for Clinical and Translational Science (CCTS)** and the **UAB Informatics Institute**, this half-day speed session will deliver key topics and resources covered in our weekly **Biomedical Informatics Summer Series**.

Ideal for those who prefer an immersive format. Topics will include clinical terminologies, re-use of health data, accessing clinical data at UAB, data organization/structure, and bioinformatics. No prior knowledge of informatics is required. Registrants will receive materials prior to the event and may earn 1 graduate credit for participation. See Course Director for details.

Breakfast and lunch will be served.
