Thursday, Friday & Saturday, March 6-8 and April 10-12, 2014
8:00 a.m. - 8:00 p.m.

Appointments for clinical portion are scheduled on an individual basis with Dr. Louis’s Office (205.934.5334).

Course Director: Patrick Louis, DDS, MD

Course Description: This course is designed to prepare the general dentist and the physician to incorporate techniques in intravenous conscious sedation into their practices. The course will include demonstrations, lectures and an intensive mini-residency. There will be a total of 60 hours devoted to lecture and one week of clinical rotation.

Prerequisites: The participant must hold a dental or medical degree, must be licensed to practice dentistry or medicine in a given state and have current malpractice insurance. Current BCLS certification must be obtained prior to the course. Please bring proof of malpractice insurance coverage to first meeting.

Course Structure:
(1) The lecture and demonstration portion of this course will consist of 60 hours of instruction.
(2) Following completion of the lecture/demonstration series, the participant will be scheduled for a mini-residency during which time he/she will improve his/her IV sedation and venipuncture techniques. The Oral and Maxillofacial Surgery Department members will supervise all activities. During this time, the participant will also observe general anesthesia performed in the outpatient facility. The mini-residency dates will be scheduled through Dr. Louis’s office. Only one participant will be accepted at a time, on a first-come, first-served basis. During this residency, the clinician will perform a minimum of 20 IV sedation cases.
(3) At the completion of the lecture portion, the clinician will be required to successfully complete a written examination.
(4) Advanced Cardiac Life Support (ACLS) training must be obtained prior to scheduling clinical rotation.
(5) At completion of the Mini-Residency portion, an oral exit examination will be required.
