**Program Admission Requirements for Class AA Certification in Physics Education**
In addition to meeting the requirements for admission to the Graduate School, a candidate must meet requirements for unconditional admission to the Physics Education Program. To be eligible for unconditional admission to this Class AA certification program, a candidate must hold a valid Alabama master's level professional educator certificate in Physics Education (or else Class B in Physics and Class A in ESOL or collaborative teaching).

**Please Note:** If an individual is unconditionally admitted to this Class AA program based on a valid bachelor's level professional educator certification from another state, this individual must hold valid Alabama Class A certification in Physics Education before completing this Class AA program in Physics Education and subsequently applying for Alabama certification at the Class AA level in Physics Education.

**ALSDE Requirements for Class AA Certification in Physics Education**
Prospective students should NOT begin any coursework without first seeking advisement from the Department of Curriculum and Instruction (call 205-934-5371). Students who ignore this admonition assume responsibility for their own mistakes.

Once a candidate has completed checklist requirements and has met all admission, exit, and certification requirements, the candidate will be eligible for Class AA certification in Physics Education. To be eligible for this certification, the candidate must:

- submit a completed application for certification during the last term of enrollment in the Class AA Physics Education Program (and no later than 60 calendar months following completion of this degree program);
- successfully complete all courses on the Class AA program checklist, meet the criteria of UAB's Graduate School for completing the corresponding degree program, and, as of July 1, 2017, earn a minimum GPA of 3.5 for all courses on this Class AA checklist;
- possess a Class A Professional Certificate in the Physics Education Program; and
- meet all requirements for the Alabama Educator Certification Assessment Program (AECAP).
