Agenda

Wednesday, December 10, 2014
Magnolia Office Park, Suite 200
1:30 – 2:30 pm

• Proctor Track demo
• Updates – Samira Laouzai
  ➢ Citrix training
  ➢ Respondus Monitor
Enabling Technologies Committee

Minutes

Wednesday, December 10, 2014
Magnolia Office Park, Suite 200
1:30-2:30 p.m.

Members Present.  Nancy Wingo (Chair), Scott Austin, Elizabeth Fisher, Samira Laouzai, and David Yother.

1.  ProctorTrack demo – a representative from ProctorTrack demonstrated their proctoring system.  A miscommunication from the vendor led the committee to believe that they had a robust authentication system available.  When we learned that the authentication system was not fully developed, we ended the demonstration and asked the vendor to contact us when it was available.

2.  Discussion - Authentication Systems – Members of the group agreed that we should not purchase an authentication system that will not meet the needs of faculty and accomplish the goals outlined by SACS.  No system has been sufficient so far.

3.  Discussion – Citrix training – Samira Laouzai reported that Citrix training for administrators and instructional designers has gone well.  Citrix training sessions for faculty and staff are also scheduled for next semester at the Center for Teaching and Learning.

4.  Next Steps – Samira Laouzai will contact ProctorU to determine their progress on Phase 2 of their authentication system rollout.  She will also contact another vendor – Respondus Monitor – to determine if they have a product that would meet our needs.
