Some employees or scholars may be subject to a Security Advisory Opinion because of their country of origin, citizenship, field of study/research, or at the discretion of the Consular Officer. Security Advisory Opinions commonly take 6 to 8 weeks, but may take longer in some cases. As a reminder, citizens of Iran, Sudan, and Syria cannot renew their visas in Canada or Mexico. Upon returning to the US, send ISSS a copy of your Form I-94 printout (https://i94.cbp.dhs.gov).
