

GRD 715--Preparing TAs to be Effective Teachers  
Course Evaluation

Please rate your knowledge of the following topics at the beginning and end of this course.

	<b>Beginning</b>					<b>End</b>				
	low				high	low				high
	1	2	3	4	5	1	2	3	4	5
<b>Effective Teaching Strategies</b> <i>(how to motivate students, learning styles, active learning)</i>										
<b>What to do in the first days class</b> <i>(questions to ask, introductions, setting policies)</i>										
<b>Teaching Labs</b> <i>(preparation, planning, department expectations)</i>										
<b>Ethics &amp; Problem Situations</b> <i>(how to handle: cheating, disruptions, difficult students)</i>										
<b>Course Management</b> <i>(tests, grading, managing time)</i>										

What was your level of teaching experience at the beginning of this semester?

This semester, did you teach a lab in your own discipline or a different discipline?

What aspect of the course best prepared you for your duties as a TA?

What topics would you like to know more about?

Would you rate your overall teaching experience (this semester) as generally positive or generally negative?
