During inclement weather, the UAB Employee Assistance & Counseling Center will make every effort to maintain regular business hours (8 a.m.-6 p.m.). However, when an announcement is made that the UAB campus is closed due to inclement weather, the EACC will also be closed. Such announcements are usually made on the UAB main webpage (uab.edu), the UAB Emergency Management page (uab.edu/emergency), B-Alert, your local news stations, or WBHM radio (90.3 FM).

Also, there may be rare occasions when the EACC office building in Five Points (a non-UAB property) is closed due to weather-related or uncontrollable building-related circumstances to protect the safety of the public.
