

# eNotify: RedFlag Notifications

- With the support and endorsement of the President's Risk Cabinet (PRC), the University is engaged in a Two-Factor Authentication Project to increase security for UAB Administrative Systems. The multi-step project includes:
  - Two-factor security for authorization
  - Question bank authorization
  - Message center
  - eNotify RedFlag notifications
- Soft implementation of eNotify RedFlag Notifications on July 1, 2015 for individuals who have already completed "Identity" information in the eNotify System.
- Allows employees to provide telephone numbers to receive text and/or a phone alert with certain Oracle Self Service Changes
  - Direct Deposit
  - Tax withholding forms
  - Personal Information (Name, home address, ethnic origin)
- Campus wide campaign in the Fall of 2015
- For Questions Contact Anita Clemon or Tim McMinn
