PROGRAM OVERVIEW:

MedjetAssist is a worldwide medical evacuation and consultation program that is available to travelers 24 hours a day, 7 days a week, on an annual and short-term membership basis.

MedjetAssist transports members who are hospitalized more than 150 miles from their home, either in the U.S. or abroad, to the hospital of their choice. Additionally, if a member is hospitalized in their hometown and requires the services of a specialty hospital within the U.S., more than 150 miles away, MedjetAssist will provide air medical transport to that facility. The company utilizes a fleet of state-of-the-art medically equipped aircraft permanently configured as mobile intensive care units, staffed with specially trained physicians, nurses, and respiratory therapists. It also offers medical and legal referrals, monitoring of members’ medical conditions, translation assistance for foreign medical reports, pre-travel medical consultations, and return of mortal remains.

UAB Alumni and Supporters up to age 75 may become a member of the annual program for exclusive rates, discounted from $195 to $175 per year for the individual and from $295 to $275 per year for the family. The membership fee covers all costs from bedside to bedside virtually anywhere in the world. MedjetAssist also offers a short-term program for those up to age 75 and Diamond membership for those ages 75–81.

PROGRAM UNIQUENESS:

No travel insurance, standard medical insurance, assistance plan, or platinum card membership offers a protection program as comprehensive and with as few restrictions as MedjetAssist:

- MedjetAssist provides medical evacuation and transport services to the members’ home hospital or hospital of choice virtually anywhere in the world…NOT just to the “nearest appropriate hospital”.

- MedjetAssist is a pre-paid annual membership with no monetary limit to its benefits. Domestic air medical evacuation services normally average $10,000 to $20,000 while international transports can exceed $75,000. As a MedjetAssist member, the membership fee is the only expenditure for complete domestic and international protection.

- No health questions to enroll up to age 75... no claim forms, co-pays or deductibles.

THE COMPANY:

MedjetAssist is a privately held company, backed by a powerful and reputable investment team with strong ties to the world of aviation, finance, government, and real estate. In its 14th year of operation, MedjetAssist is responsible for more than 70,000 lives within its membership program and maintains a global presence with ICU-equipped air ambulance affiliates around the world representing nearly 100 medically configured aircraft. The program is underwritten by Lloyds of London.

To enroll, please call 800-963-3538 and refer to the UAB Alumni & Supporters Plan #438 or fax/mail the completed enrollment form located on the reverse side.
