Conference Information:

This is the twenty-seventh national conference for labor representatives and leaders in the health care industry. Since 1978, the Labor Education Programs of Michigan State University and University of Illinois have presented the latest topics affecting unions organizing and collective bargaining concerns. The 2006 conference brings in our new partner, the National Labor College, and will focus on Health and Safety, Universal Health Care, Collective Bargaining issues and Organizing.

This year the conference will be held at the Disney World Coronado Springs hotel, located within Disney’s Animal Kingdom Resort, promising an enjoyable visit when you have free time.
