ALABAMA AT BIRMINGHAM

UAB ChemBridge

“Journey into the World of Chemistry”

ChemBridge provides area 8th grade graduates with an exciting journey into big time chemistry, including stimulating hands-on experiments, great UAB faculty and staff to help with understanding of the chemistry behind the experiments and preparation for the high school experience.

ChemBridge is a non-residential summer program designed for rising 9th grade students. It is a one-week, five-day per week (8am-5pm) introductory hands-on laboratory and seminar course in Chemistry.

A partnership between the UAB Department of Chemistry and CORD (Center for Community Outreach Development), ChemBridge will promote student's interest and knowledge of chemistry by introducing them to principles, methods, applications, and experiments used in chemistry research laboratories.

Program Activities

- Learn to employ state-of-the-art equipment and laboratory health and safety practices
- Perform hands-on experiments with real life applications
- Visualize molecular structures using computer applications and molecular models
- Experience exciting chemical demonstrations

Seminar Sessions

- Updates on State-of-the-Art Science from UAB Chemists.
- “Bridging the Gap” Middle to High School.
- Opportunities for Science Careers.
- See UAB Up Close!

Please note that the two weeks of camp (7/2—7/6 and 7/16—7/20) will consist of identical content. Therefore, please select the one week that will best work out with your schedule.

(Cut here)

Eligibility Requirements

- Must be entering the 9th grade in Fall of 2012.
- Must have an interest in science.
- Must commit to attending the program daily Monday through Friday 8:00am to 5:00pm.
- Must complete and submit the attached application and supporting materials by 5:00pm **May 15, 2012.**
