

### TUTOR LIST - Spring, 2010

The students listed below achieved an "A" or "B" at UAB in the courses indicated and gave permission for this information to be shared. Inclusion of a student's name does not indicate employment or endorsement by UAB or the chemistry department. **Communications and negotiations regarding tutoring arrangements, payments, etc. are solely up to the tutor and student.** If your course is not listed, someone who listed a higher level course in the same subject may be able to help. The list is updated often.
