

# UABSO CONTINUING EDUCATION PROGRAM PREVIEW

- 46 hours of COPE-approved continuing education throughout 2010
  - 2 weekend events
  - 4 two-hour evening programs
    - World renown speakers
    - Cutting edge education
- Springer Lecturer honoring one of optometry's great researchers

We have an exciting line up of continuing education programs planned for 2010 and we hope that you will join us! This brochure lists the dates and speakers so you can mark your calendars. Detailed schedules and registration information will be mailed several months prior to each event.

## Primary Eye Care Update – April 23-25, 2010

From lids to the LGN, from pediatrics to geriatrics, the UABSO Primary Eye Care Update will be packed with information that you can use in your practice.
