HSSA MEMBERSHIP FORM

Join the Health Sciences Student Association!

The Health Sciences Student Association offers social and professional benefits to students in the Bachelor of Science in Health Sciences Program. Through regular meetings and social events, students can participate in community service activities and socialize with other students who have similar academic interests. We also offer students opportunities to network with health care administrators in the Birmingham area. During the fall semester, members voted to begin paying dues to the HSSA. These dues will assist in paying for food at our monthly meetings and in hosting at least one social event a semester. Dues from September to August will be $10. Dues paid after December are $5. Please fill out the information form below and return your dues with a check payable to HSSA.

______ Yes, I would like to join the Health Sciences Student Association (HSSA).

Name:___________________________________
