Hurricane Relief
  - Talked about ideas for fund raisers.
  - Decided on blood drive, but not definite time or date as of yet, however it will be sometime soon.
  - Want to invite two students at our school that have been directly affected by the hurricane to meeting and ask how we can help them or others in their situation.

Before the meeting ended there was open discussion on fund raisers and other matters. Also, Challice Carsey addressed the body about a proposal for changing the student government body on campus.
