

Office of Registration and Academic Records

**CHANGE OF STUDENT NUMBER**

Upon your request, UAB will change your current student number, which is \_\_\_\_\_  
(old number)  
to \_\_\_\_\_  
(new number verified with Social Security card)

**OR**

check box to request a UAB-assigned number

All computerized information which UAB maintains in your student records, financial aid or accounting records, and housing records (whichever are applicable) and any reports generated from these systems which utilize student numbers will use the new number, except those federally mandated.

UAB will not release your old student number to any outside agencies without a UAB affiliation, but will make a note of your old student number on your academic record for internal use only.

**By signing, you also understand and affirm that:**

- you will use the new student number in any future transactions at UAB which require a student number;
- problems may arise if we receive information requests from outside agencies which only contain your old student number. You will not hold UAB responsible for any such problems which may occur due to this change in student number;
- an assigned student number may delay both the awarding and disbursing of financial aid funds.
