

WebCT/Blackboard Authentication

Staged Process of Central
Authentication

Staged Process

1. Implement on WebCT Development server
2. Implement on WebCT Production server
3. Implement on Blackboard Production server

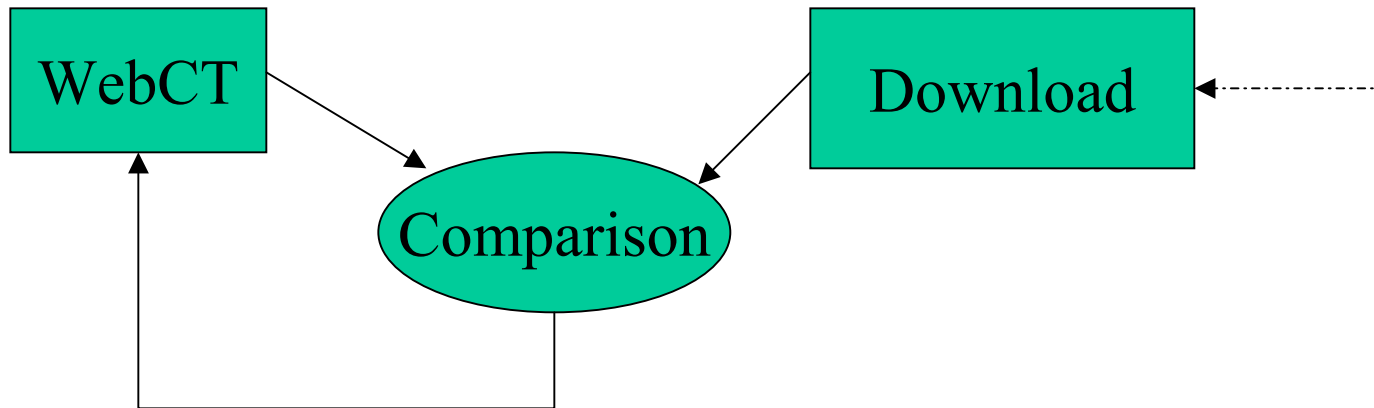

WebCT Development

- Authentication – plugin + configuration

<http://courses.uab.edu/webct/admin/admin.pl>

WebCT Production

- Authentication – plugin + configuration
- Authorization –

Blackboard

- Basically the same process as WebCT Production
