Terry Tatum welcomed everyone to the meeting.

As the first item on the agenda, Terry Tatum updated the Advisory group on the BlazerNET Portal project (see PowerPoint Presentation). There is lots of work is going on behind the scenes. A great deal was learned from recent SunGard conference and was able to meet with other institutions and project managers. Terry was able to make good contacts and we are adjusting what we are doing from the feedback from other schools. Terry will provide an update at the next meeting. He introduced the BlazerNET logo. Richard Mailhot asked if we are getting away from the dragon logo. Terry stated that this logo is only for the portal, internal to UAB.

Sheila Sanders provided an update on the Student System (see PowerPoint Presentation.). We are fast approaching 1st go live. The student system project timeline follows the student calendar.

Kevin Canada provided an update on Grants.gov (see PowerPoint Presentation). Kevin stated that it is helpful to know your tracking number while following the process of submitting grants in Grants.gov. Stan Putnam asked if the software needed is available and inquired about training. Kevin stated that software can be downloaded from Grants.gov and to contact OGCA for training.

An updated on WebCT Vista courses for the summer term was provided by Karen Shader (see PowerPoint Presentation). Karen stated that they are almost ready to bring courses up for the summer term. We have already migrated up 300 courses from SHRP and SON and hope to have majority of courses using blended learning by Fall 07. Karen stated that the links have changed; please pass this message on to your schools. Sheila stated that we are working with Pam Burks for training.

Karen provided the group with an update on Telecampus (see PowerPoint Presentation). She showed a picture of the login page and stated that you can customize this page. Landy Manderson provided a report on spam blocking (see PowerPoint Presentation). Richard Mailhot asked if logs can be checked for blocked spam. Landy stated that it can and can be tracked. Since April 1st 3.9 million incoming e-mails which exceeded the threshold were discard outright, 4.5 million messages were not delivered to individual recipients, 5 out of 8 incoming messages were discarded.
Landy also provided an update on BlazerID and email (see PowerPoint Presentation). Landy stated that we wanted to bring this issue up because people are asking questions (about @uab.edu forwarding).

Landy mentioned that Uab.edu domain 20\textsuperscript{th} anniversary is coming up soon and IT is discussing plans for celebrating.

Terry asked if there were any questions. Tommy Foley inquired about the possibility of having a procedure that would create guest wireless accounts. Terry stated that we are actively looking into this issue.

Meeting adjourned at 11:35 AM.
