

# IT INTERNSHIP PROGRAM

## GRADUATE OPPORTUNITY

### IT INTERN (Systems Technician)

#### Department:

This position is in the Telecommunications Department (User Services).

#### Work Schedule:

This is a part time position. You will be required to work 20 hours per week. Hours are flexible.

#### Rate of Pay:

- **Stipend** - This position pays \$13.00 per hour (up to \$13,520 per year).
- **Scholarship** - You will receive a scholarship of up to \$4,500 per year for tuition, books, and other educational expenses. Some restrictions apply.

#### Job Description:

Working under the supervision and direction of User Services personnel, this position will assist with software selection, installation, and implementation/deployment for network related projects. Some projects may require the use of programming skills.

#### Education and Experience Requirements:

You must be currently enrolled in an graduate degree program at UAB to be considered for this position.

System administration, networking, and security experience desired. Familiarity with Unix/Linux, Apache, MySQL, Python, SQL, HTML, network/security tools, relational database programming, web interface to database backend, and coursework in network protocols very helpful. Non-technical writing skills, data/records management and data collection experience a plus.
