

Fees for Non-UAB and For-Profit Organizations

Although for-profit organizations are not our primary service group, we do provide resources and services as needed.

Because this is an extra service we provide, outside of our regular mission, our ILL and Document Delivery fees are higher.

For specifics about charges for for-profit organizations, call LHL Administration at 934-5460.

How Prices are Determined

Lister Hill Library's pricing policies are set by UAB.

Some of these rules include:

- We cannot charge internal customers more than it costs us to provide the service or product.
- We are required to recalculate prices every 6 months.

To determine the price you pay for products or services, we calculate exactly what it costs us to provide the service. That figure becomes the price. To that price, we may add tax and surcharges.

In essence, we are required to price everything to break even.

If you have questions about prices, call Pat Higginbottom, the Associate Director for Public Services at 934-5432.

Prices for services in the Reynolds Historical Library and Archives may vary. Call 934-4475 for details.
