# Lister Hill Letter

## Voice Your Opinion

To help us plan improvements here at the Lister Hill Library, we are participating in a nationwide project to measure the effectiveness of library services and resources. The assessment is being done with a web-based survey, using the LibQUAL+™ instrument. The LibQUAL+™ survey is designed to assist libraries in soliciting, tracking, understanding, and acting upon users opinions of service quality. I am hoping that you will be able to contribute a few minutes of your time to help us better measure how well we serve the UAB community.

You may have participated in a similar survey sent from the Mervyn Sterne Library last spring. Each library participates in the survey every two years, with Sterne distributing the survey in the spring and Lister Hill in the fall.

Please focus your answers on the Lister Hill Library even if you use Sterne more frequently.

Your response to the survey is anonymous. However, we will award three iPod Shuffles, one each to a randomly selected student, faculty and staff member who chooses to provide an e-mail when they participate in the survey. To be included in the drawing for an iPod, you must fully complete the survey, including clicking the "Complete the Survey" button at the end and providing your official UAB e-mail address.

To participate, click on the URL below and on through to the survey: <http://survey.libqual.org/index.cfm?ID=757619> The survey will close on October 6th.

## Student Lounge Grand Opening

Attend the grand opening of the new Student Lounge on Tuesday, October 27<sup>th</sup> at noon. See how we've transformed the ground floor copy room into a new gathering place for students. We're adding comfortable seating, tables and chairs, and a microwave to make this space more useful and inviting for students. With only limited funding, we were able to make use of materials from the UAB warehouse or other donated or reclaimed furnishings to create a space where students can study together, heat up food, or share a meal. Stop by the grand opening on the 27<sup>th</sup> at noon and see how we've "designed on a dime."
