UAB Neurology & Neurosurgery 2014 Update

in collaboration with the
Alabama Academy of Neurology

SATURDAY, DECEMBER 13, 2014
7:45 a.m. - 3:45 p.m.

The Bradley Lecture Center at Children's of Alabama
Fourth Floor, Children's Harbor Building
1600 Sixth Avenue South • Birmingham, AL 35233

A CME event for health care professionals.

Register Online uab.edu/medicine/cnc

PROGRAM OVERVIEW

The purpose of this knowledge-based program is to enable the neurologist, neurosurgeon, internist, and/or geriatrician and their associated nurses, nurse practitioners, and/or physical assistants to properly diagnosis patients with neurological conditions, as well as be able to offer them the most current treatment therapies available inclusive of research programs. The program hopes to enable these physicians and health care professionals to handle urgent situations that might arise.

LEARNING OBJECTIVES

Upon completion of this workshop, participants should be able to:

- Diagnose various neurological disorders
- Evaluate medical and surgical treatment options for neurological disorders
- Discuss new cutting edge therapies for neurological disorders

TARGET AUDIENCE

This program is designed for physicians and other health care professionals in practice and training who care for patients with neurological disorders.

GUEST SPEAKER

NEIL A. BUSIS, MD, FAAN, is director of community neurology of the University of Pittsburgh Physicians Department of Neurology and visiting clinical professor of Neurology at the University of Pittsburgh School of Medicine. He is chief of Neurology and director of the Neurodiagnostic Laboratory at UPMC Shadyside, Pittsburgh, PA. Busis serves on the Board of Directors of the American Academy of Neurology (AAN), is a former chair and current member of the AAN Medical Economics and Management Committee and is a member of its Meeting Management Committee. He is a former president of the American Association of Neuromuscular & Electrodiagnostic Medicine (AANEM) and former chair of its Professional Practice Committee. He served on the American Medical Association's CPT®, Relative Value Update and Practice Expense Advisory Committees representing the AAN and the AANEM.
