

Assistant/Associate/Full Teaching Professor
University of Missouri-Kansas City
School of Biological Sciences

The School of Biological Sciences at the University of Missouri – Kansas City invites applications for full-time Teaching Faculty who can teach physiology and/or anatomy course(s) starting in August 2015. The successful candidate should be able to accomplish course and curriculum development and to work collaboratively with other faculty members involved in teaching the physiology/anatomy curriculum to undergraduate, graduate, or professional school students. College teaching experience is desirable and a commitment to excellence in teaching is expected. Candidates must provide evidence of a strong record of classroom teaching.

The School grants degrees in B.S, B.A, M.S. and Ph.D. degrees, the later in two disciplines, Cell Biology & Biophysics and Molecular Biology & Biochemistry. UMKC has a strong focus in life sciences, with programs in the School of Biological Sciences, the School of Medicine, the School of Pharmacy, the School of Dentistry, and the School of Nursing and Health Studies.

Application Instructions

Applicants must possess a Ph.D., M.D., or DVM and at least two years of postdoctoral experience. Applicants should submit in one .pdf file the following: a letter of interest, CV including list of courses taught and number of students, previous teaching evaluations, a brief statement of teaching philosophy, and contact information for three references.

Review of applications will begin immediately, the position will remain open until filled.

Submit application materials to: <http://apptrkr.com/558963>
