

# Pathology Grand Rounds

## Thursday, 8:00-9:00 AM

### 2018 Fall Schedule

**September 13, 2018** WPCC-E

Co-Sponsor - UAB Urology Department

**Jennifer Rothschild, MD, MPH**

Department of Urology

UC Davis School of Medicine

*"Transvaginal Mesh Complications, the story behind it and its interdisciplinary management"*

**Monday, September 17, 2018 - 2:00 pm** WPCC-E

**Pathology Special Seminar Series**

27th Annual Paulette Shirey Pritchett

Endowed Lecture in Pathology

**Elaine Jaffe, MD**

Series Editor, World Health Organization

Classification of Tumours

*"Charting the future of lymphoma classification: A road map for disease discovery and treatment"*

**September 27, 2018** WTI 101

**Sean Stowell, MD, PhD**

Department of Pathology and Laboratory Medicine

Emory University School of Medicine

*"Understanding Factors that Regulate Alloimmunization"*

**October 04, 2018** WPCC-E

**Jean-Francois Pittet, MD, DEAA**

Department of Anesthesiology, UAB

*"Nosocomial Pneumonia and Amyloid Disease"*

**October 11, 2018** WPCC-E

Co-Sponsor -CFRB

**Neil Blumberg, MD**

Department of Pathology and Laboratory Medicine

University of Rochester Medical Center

*"A little bit of hemolysis—perhaps a big problem?"*

**Wednesday, October 17, 2018 - 4:00 pm** WTI-101

**Surgery-Biomedical Engineering-Pathology Seminar Series**

**Shi Wei, MD, PhD**

Department of Pathology, UAB

*"Surviving at a distance: The organotropism of metastatic breast cancer"*

**October 25, 2018** WTI 101

**Ralph Sanderson, PhD**

Department of Pathology, UAB

*"Heparanase-mediated regulation of exosomes that promote tumor growth and chemoresistance"*

**November 01, 2018** WPCC-E

**Amit Gaggar, MD, PhD**

Department of Medicine, UAB

*"To Be Announced"*

**November 08, 2018** WPCC-E

**Tim Townes, PhD**

Professor Emeritus

Depart of Biochemistry and Molecular Genetics, UAB

*"Modified CRISPR/Cas Gene Correction for Sickle Cell Disease"*

**Tuesday, November 13, 2018 - 10:00am** WTI 101

**Pathology Special Seminar Series**

Jay Listinsky Endowed Lectureship in Glycobiology

**Richard D. Cummings, Ph.D.**

Professor of Surgery

Harvard Medical School

**November 22, 2018** No Seminar

**November 29, 2018** WPCC-E

Tamara Lotan, MD

Department of Pathology

Johns Hopkins Medicine

*"Predictive Biomarkers and the Immune Tumor Microenvironment in Prostate Cancer"*

**December 06, 2018** WPCC-E

**To Be Named**

**December 13, 2018** WPCC-E

**Todd M Stevens, MD**

Department of Pathology, UAB

*"NUTM1 Gene Rearranged Neoplasia"*

**December 20, 2018** WPCC-E

**Yinling Hu, PhD**

Senior investigator, Cancer and Inflammation Program  
National Cancer Institute

*"Impaired IKKα expression bridges epithelial cells and immunosuppressive leukocytes, promoting lung carcinogenesis"*

**December 27, 2018** No Seminar
