J. Adam Jones, M.D.

“Should mutation analysis be a component of the workup of unexplained cytopenias?”

Tuesday, October 17, 2017
10:45 a.m. - 11:45 a.m.
WPCC-Room D

TARGET AUDIENCE: Departmental Faculty, Fellows, Residents, Medical Students, Other Health Sciences Students, & Nurses

Objectives:
1. Define the classification of clonal cytopenias that don't meet criteria for MDS.
2. Assess the rate of genetic mutations in unexplained cytopenias.
3. Look at the prognosis of clonal cytopenias with genetic mutations.

DISCLOSURES AND ACKNOWLEDGEMENTS: Dr. Jones discloses that he has no relevant financial relationships that create a conflict of interest related to the content of his presentation. There is no commercial support for this session.
