

# *Special Pathology Seminar*

## *Cancer Pathobiology Faculty Candidate*

Division of Molecular and Cellular Pathology  
Department of Pathology  
The University of Alabama at Birmingham

Sooryanarayana Varambally, Ph.D.  
Associate Professor of Pathology  
Michigan Center for Translational Pathology  
Comprehensive Cancer Center  
University of Michigan

## **“Regulation of oncogene-tumor suppressor network by histone methyltransferase EZH2”**

Monday, April 14, 2014  
3:00 p.m. - 4:00 p.m.

Wallace Tumor Institute  
Room 101

Target Audience: Pathology House Staff/Faculty.

OBJECTIVES: After attending this session, participants should be able to:

- 1) Better understand and discuss recent research findings in Molecular and Cellular Pathology.
- 2) Show improvements in their knowledge of modern molecular techniques.
- 3) Be able to demonstrate improved understanding of a variety of topics related to cardiac disease.

The Presenter discloses that they have no relevant financial relationships that create a conflict of interest related to the content of their presentation. There is no commercial support for this session.

Sponsored for CME credit by UAB Division of CME.

The University of Alabama School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Alabama School of Medicine designates this Regularly Scheduled Series session for a maximum of *1 AMA PRA Category 1 credit(s)*. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The University of Alabama School of Medicine is an equal opportunity/affirmative action institution.
