Director, Michigan Center for Translational Pathology

“The Application of Integrative Sequencing for Precision Oncology”
Tuesday, May 23, 2017
3:30 p.m.
West Pavilion Conference Center Room E

Objectives:
1) Participants will learn about the basic integrative sequencing approach used to carry out clinical sequencing of patient samples.
2) Participants will learn about the recent discoveries and insights from clinical sequencing studies of various cancer patient cohorts.
3) Participants will learn about advances in the implementation of precision cancer medicine in the context of clinical trials and related studies.

Sponsored for CME credit by UAB Division of CME. The University Of Alabama School Of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Alabama School of Medicine designates this Regularly Scheduled Series for a maximum of 1 AMA PRA Category 1 credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The University of Alabama School of Medicine is an equal opportunity/affirmative action institution.
