

DEPARTMENT OF PATHOLOGY, DIVISION OF ANATOMIC  
PATHOLOGY UNIVERSITY OF ALABAMA AT BIRMINGHAM

Academic Surgical Pathologist

Asst/Assoc/Full Professor applications are invited for an M.D. or M.D./Ph.D. surgical pathology faculty position. Renal pathology expertise would be an advantage. The University of Alabama at Birmingham (UAB) is an outstanding tertiary care institution currently processing more than 40,000 surgical pathology specimens per year. The successful candidate will be a dynamic physician eager to work with a large surgical pathology faculty, headed by Shi Wei, MD., PhD., with a rich and diverse program in diagnostic service, basic, clinical and translation research and teaching. Demonstration of scholarly productivity will be a distinct advantage and fellowship training an expectation. There is ample opportunity for the teaching of house staff and undergraduate health professional students. Our graduate (Ph.D.), residency and fellowship programs are thriving. Opportunities for collaborative research abound. Minimum requirements include an M.D., license to practice in Alabama and eligibility for board certification in Anatomic Pathology. Salary, rank and tenure-status are commensurate with experience and background.

A pre-employment background investigation is performed on candidates selected for employment. In addition, physicians and other clinical faculty candidates who will be employed by the University of Alabama Health Services Foundation (UAHSF) or other UAB Medicine entities must successfully complete a pre-employment drug and nicotine screen to be hired.

Interested candidates should submit a cover letter that includes research interest/experience, curriculum vitae and the names of three references to the attention of Vishnu VB Reddy, MD, Professor of Pathology, Interim Director of Anatomic Pathology, UAB, path- aprecauits@uabmc.edu. All applications will be accepted until position is filled.

***UAB is an Equal Opportunity/Affirmative Action Employer committed to fostering a diverse, equitable and family-friendly environment in which all faculty and staff can excel and achieve work/life balance irrespective of, race, national origin, age, genetic or family medical history, gender, faith, gender identity and expression as well as sexual orientation. UAB also encourages applications from individuals with disabilities and veterans."***
