

**MICROBIOLOGY AND IMMUNOLOGY POSITION
THE UNIVERSITY OF ALABAMA AT BIRMINGHAM**

The Department of Pathology at the University of Alabama at Birmingham (UAB) is committed to building an active research program in the area of infectious diseases. We invite applications for a tenured or tenure-track faculty position at the Full Professor level from investigators with PhD, MD or MD/PhD qualifications. Applicants with established expertise in areas related to the role of host pathogen interactions and biofilm communities that determine the outcome of opportunistic airway infections including otitis media and chronic bronchitis are particularly encouraged. Successful candidates will have a demonstrated record of originality and productivity in research, existing extramural funding commensurate with rank, and an interest in graduate and medical education. UAB, which ranks in the top 25 in NIH funding, is a dynamic, collaborative research institution with state of the art facilities, excellent graduate programs, and a commitment to post-doctoral education. Faculty will be expected to participate in the training of graduate students. The candidate will be appointed as a member of the Molecular and Cellular Division in the Department of Pathology (Director: John C. Chatham, D.Phil.). Interested candidates should submit a cover letter that includes research interest/experience, a curriculum vitae, and the names of three references to: email PATH-MCPMI@mail.ad.uab.edu.

A pre-employment background investigation is performed on candidates selected for employment.

UAB is an Equal Opportunity/Affirmative Action Employer committed to fostering a diverse, equitable and family-friendly environment in which all faculty and staff can excel and achieve work/life balance irrespective of ethnicity, gender, faith, gender identity and expression as well as sexual orientation. UAB also encourages applications from individuals with disabilities and veterans.
