First Year Medical Students

Arnold G. Diethelm Student Scholar in Surgical Sciences Program

Sponsored by

UAB School of Medicine
Departments of Surgery, Pathology and Cell, Developmental & Integrative Biology

The Departments of Surgery, Pathology and Developmental & Integrative Biology announce the Annual Arnold G. Diethelm Scholarship in Surgical Sciences Program for 2017.

First Year Medical Students with a potential interest in the Surgical Sciences, Pathology and Cell Biology are encouraged to consider a six-week summer internship with diversified exposure to Surgical Science, Anatomy, Physiology and Pathology. Rotations on each discipline will last one-to-two weeks and will offer an environment conducive to comprehensive education in surgical anatomy, physiology, anatomical prosection, surgical pathology, as well as rotations on various surgical specialties. All experiences will be supervised and mentored by UAB faculty during this six-week interval. A stipend of $500.00 will be offered to the successful candidates.

Medical students who are completing Year One at the University of Alabama School of Medicine are invited and encouraged to apply. Please submit an abstract of 250 words or less detailing the strengths of your candidacy for this internship to the Department of Surgery by Friday, February 24, 2017. Candidates will be selected by a Committee from each of the three departments with notification to follow.

Send abstracts via email to: dmanning@uabmc.edu
