

---UAB School of Nursing Applicants Only---

GRE or GMAT Waiver Requirements (for AMNP applicants)

The GRE or GMAT Waiver Process will allow eligible candidates for masters' study to have the requirement of satisfactory GRE or GMAT scores waived for admission if they meet the following criteria.

*** There is no actual waiver form to complete***

Students who meet the following two requirements are eligible to waive the GRE or GMAT:

- AMNP applicants with an earned BA or BS degree from a regionally accredited institution with an undergraduate overall GPA of 3.2 or higher **OR** a 3.2 GPA or higher in their last 60 hours of undergraduate courses on a 4.0 scale
- OR**
- Post-graduate applicants (those applicants who have successfully graduated from a degree granting accredited graduate program such as: MA, MS, MSN, MPH or PhD), as long as the candidate has achieved a competitive GPA of 3.0 or above in the advanced degree

How do you factor my GPA? For admission consideration, only undergraduate courses will be used for GPA calculation (developmental and vocational courses will not be factored). Also, courses with plus/minus grades are equated to standard A, B, C, D or F on a 4.0 scale.

Please note: With the exception of the GPA requirement, applicants for the GRE or GMAT waiver will be held to the same requirements for admission to the AMNP program as all other applicants. Approval for the GRE or GMAT Waiver does not imply or guarantee admission to the AMNP program.

GRE or GMAT Waiver Process:

Applicants who meet the requirements listed above may choose to waive the GRE or GMAT by following the directions below:

- A completed application and all supporting documents must be submitted to *Salesforce* at the following link:

<https://cloud.reach.uab.edu/graduate-application>

- Approval of the waiver will be verified after all of your transcripts have been received by UAB SON (so that your GPA can be validated, submission of the application is necessary prior to the validation being completed)
- Those **not** meeting the above requirements will be notified that they must submit a Graduate Test Score. Official GRE scores may be sent to the UAB Graduate School (UAB Code: 1856) and must be within the last 5 years.

*The following individuals are **not** eligible for the GRE waiver process:

- International applicants
