GoToTraining Android App Download

Tell your learners about the free GoToTraining app so they can attend from anywhere.

Learners, now you can attend courses online, view trainer's web cam and participate in polls and tests from your tablet or smartphone.

FEATURES

For Learners
Actively learn using built-in collaboration features that mimic on premise classroom resources:

• Speak and listen using one-touch dialing or VOIP.
• View and respond to in-session polls and tests.
• Raise hand to pose a question or comment.
• Communicate with your instructors and other learners via text or chat.

HOW TO JOIN AN ONLINE TRAINING SESSION

There is no purchase necessary to attend a GoToTraining session. Two easy ways to join:

• Tap a training link in the invite email or your calendar.
• Tap the GoToTraining icon after you install the app and enter the session ID.

AUDIO

• Upon joining a session, you will automatically connect to audio through your Internet connection (WiFi or 4G/3G)
• For the best audio experience, plug a headset into your Android device.
• If you prefer to dial in using your phone line, you

iPhone

GoToTraining iPhone App Download

Join and participate in GoToTraining sessions on your iPhone, iPad or iPod Touch.

FEATURES

For Learners: learn while you're on the move. Interact with trainers and subject-matter experts in a meaningful way without the formal learning environment.
•Join easily by tapping the training session link in an invite email or your calendar.
•See a schedule of upcoming training sessions and join with a single tap.
•Use a single tap to dial in to the phone conference or connect to audio using WiFi or 4G/3G.
•View slide presentations, research and other learning materials the trainer or subject matter expert shares on their screen.
•Take tests and access materials from the GoToTraining content library.
•Respond to polls, raise your hand or type in the chat to ask the trainer or subject-matter expert questions.
•View live whiteboarding sessions or share your own whiteboard (iPad only).
•View the trainer or subject matter expert's webcam and share your webcam (iPad only).

For Trainers and Subject-Matter Experts:
•Learners can now join your training sessions via their iPad or iPhone.
•Pass presenter controls from your computer to anyone in the training session or present content from the cloud on your iPad.
•Use an iPad as a secondary device to whiteboard concepts.

can do that with a single tap after joining the training. • If you are attending the training or classroom in person, easily disconnect from audio any time so you can continue to participate in polls and see the trainer/educator up close. REQUIREMENTS • Android 4.0 or higher. • We recommend devices with a 1 Ghz processor or higher.	HOW TO JOIN A TRAINING SESSION There is no purchase necessary to attend a GoToTraining session. Two easy ways to join: •Tap a training session link in the invite email or your calendar. •Tap the GoToTraining icon after you download the app and enter the session ID. AUDIO •Upon joining a training session, you will automatically connect to audio through your Internet connection (WiFi or 4G/3G). •For the best audio experience, plug a headset into your iPhone, iPad or iPad Touch. •If you prefer to dial in over your phone line, you can do that with a single tap after joining the training session. •If you are attending the session in person, easily disconnect from audio any time during the session so you can continue to participate in polls and see the materials up close. NOTE: Due to network constraints, iPhone users on the Verizon network will be unable to join a session and dial in over the phone at the same time. VIDEO CONFERENCING (iPad only) If additional presenters are using webcams, you will automatically see them upon joining the training session. •GoToTraining learners can turn on their webcams by tapping the webcam icon, then the Share My Webcam button. •While it is possible to stream video over a 4G/3G connection, WiFi is recommended to avoid charges with your network carrier.
