

## OH&S Biosafety – Examples of Infectious Substances/Materials Both Category A and B

<b>Examples of Infectious/Biological Substances Included in Category A or Category B</b> Not an exhaustive list		
<i>Microorganism</i>	<i>Category A</i>	<i>Category B</i>
African swine fever virus cultures	X	
Other materials containing African swine fever virus		X
Avian paramyxovirus Type 1 - Velogenic Newcastle disease virus cultures	X	
Other materials containing Avian paramyxovirus Type 1		X
<i>Bacillus anthracis</i> cultures	X	
Other materials containing <i>Bacillus anthracis</i>		X
<i>Brucella abortus, melitensis, or suis</i> cultures	X	
Other materials containing <i>Brucella abortus, melitensis, or suis</i>		X
<i>Burkholderia mallei</i> or <i>pseudomallei</i> cultures	X	
Other materials containing <i>Burkholderia mallei</i> or <i>pseudomallei</i>		X
<i>Chlamydia psittaci</i> cultures - avian strains	X	
Other materials containing <i>Chlamydia psittaci</i>		X
Classical swine fever virus cultures	X	
Other materials containing Classical swine fever virus		X
<i>Clostridium botulinum</i> cultures	X	
Other materials containing <i>Clostridium botulinum</i>		X
<i>Coccidioides immitis</i> cultures	X	
Other materials containing <i>Coccidioides immitis</i>		X
<i>Coxiella burnetii</i> cultures	X	
Other materials containing <i>Coxiella burnetii</i>		X
Crimean-Congo haemorrhagic fever virus	X	
Dengue virus cultures	X	
Other materials containing Dengue virus		X
Eastern equine encephalitis virus cultures	X	
Other materials containing Eastern equine encephalitis virus		X
<i>Escherichia coli</i> , verotoxigenic cultures	X	
Other materials containing verotoxigenic <i>Escherichia coli</i>		X
Ebola virus	X	
Flexal virus	X	
Foot and mouth disease virus cultures	X	
Other materials containing Foot and mouth disease virus		X
<i>Francisella tularensis</i> cultures	X	
Other materials containing <i>Francisella tularensis</i>		X
Goatpox virus cultures	X	
Other materials containing Goatpox virus		X
Guanarito virus	X	
Hantaan virus	X	

## OH&S Biosafety – Examples of Infectious Substances/Materials Both Category A and B

Hantavirus causing haemorrhagic fever with renal syndrome	X	
Hendra virus	X	
Hepatitis B virus cultures	X	
Other materials containing Hepatitis B virus		X
Herpes B virus cultures	X	
<b><i>Microorganism</i></b>	<b><i>Category A</i></b>	<b><i>Category B</i></b>
Other materials containing Herpes B virus		X
Human immunodeficiency virus cultures (HIV)	X	
Other materials containing Human immunodeficiency virus		X
Highly pathogenic avian influenza virus cultures (HPAI)	X	
Other materials containing HPAI		X
Japanese Encephalitis virus cultures	X	
Other materials containing Japanese Encephalitis virus		X
Junin virus	X	
Kyasanur Forest disease virus	X	
Lassa virus	X	
Lumpy skin disease virus cultures	X	
Other materials containing Lumpy skin disease virus		X
Machupo virus	X	
Marburg virus	X	
Monkeypox virus	X	
<i>Mycobacterium tuberculosis</i> cultures (MTB)	X	
Other materials containing MTB		X
<i>Mycoplasma mycoides</i> - Contagious bovine pleuropneumonia cultures	X	
Other materials containing <i>Mycoplasma mycoides</i>		X
Nipah virus	X	
Omsk Haemorrhagic fever virus	X	
Peste des petits ruminants virus cultures	X	
Other materials containing Peste des petits ruminants virus		X
Poliovirus cultures	X	
Other materials containing Poliovirus		X
Rabies virus cultures	X	
Other materials containing Rabies virus		X
<i>Rickettsia rickettsii</i> or <i>prowazekii</i> cultures	X	
Other materials containing <i>Rickettsia rickettsii</i> or <i>prowazekii</i>		X
Rift Valley fever virus cultures	X	
Other materials containing Rift Valley fever virus		X

## OH&S Biosafety – Examples of Infectious Substances/Materials Both Category A and B

Rinderpest virus cultures	X	
Other materials containing Rinderpest virus		X
Russian spring-summer encephalitis virus cultures	X	
Other materials containing Russian spring-summer encephalitis virus		X
Sabia virus	X	
Sheep-pox virus cultures	X	
Other materials containing Sheep-pox virus		X
<i>Shigella dysenteriae</i> type 1 cultures	X	
Other materials containing <i>Shigella dysenteriae</i> type 1		X
Swine vesicular disease virus cultures	X	
Other materials containing Swine vesicular disease virus		X
Tick-borne encephalitis virus cultures	X	
Other materials containing Tick-borne encephalitis virus		X
<b><i>Microorganism</i></b>	<b><i>Category A</i></b>	<b><i>Category B</i></b>
Variola virus (Smallpox virus)	X	
Venezuelan equine encephalitis virus cultures (VEE)	X	
Other materials containing VEE		X
Vesicular stomatitis virus cultures	X	
Other materials containing Vesicular stomatitis virus		X
West Nile virus cultures	X	
Other materials containing West Nile virus		X
Yellow fever virus cultures	X	
Other materials containing Yellow fever virus		X
<i>Yersinia pestis</i> cultures	X	
Other materials containing <i>Yersinia pestis</i>		X
