

- E. CHANGE OF STATUS: It shall remain the responsibility of the registered UAB parker
- D. MOTORCYCLES/BICYCLES: Motorcycles are subject to all regulations governing parking of motor vehicles on the campus. Motorcycles must be parked in dead spaces or areas marked for motorcycles within the facilities. City and State laws pertaining to bicycles will be observed. Bicycles will be parked in racks where they are provided. At buildings where there are no racks or racks are completely filled, bicycles will be parked in such a manner where they will not obstruct pedestrian traffic at entrance ways or on sidewalks. Bicycles will not be allowed in University buildings. Bicycles in violation will be impounded by the University Police.
- C. PERMITS: Hang Tag Permit Policy
1. Only one hang tag permit may be issued to each registered parker
 2. The car of primary use must be registered with parking office
 3. The hang tag permit may be transferred to any car the registered parker is driving
 4. Failure to properly display one's hang tag is grounds for issuance of a parking citation
 5. Lost hang tag permits may only be replaced by purchasing a new permit at full fee unless a fee has already been specified, i.e., \$100 fee for loss of on-call, OB permit, etc.
 6. Use of a hang tag permit acquired through fraudulent, or otherwise improper means may be considered theft of service from the University of Alabama at Birmingham
 7. All parking materials remain property of UAB

Requirements for registration as an employee/student parking patron are as follows:

1. Completion of Parking Permit Record Form
2. Payment of parking fee or arrangements for payroll deduction or student billing
3. A valid employee/student ID number

B. REGISTRATION OF VEHICLES: The Parking Office, located in the Remote Parking Facility, 608 Eighth Street South, is open for vehicle registration Monday through Friday from 7:30 a.m. to 4:30 p.m.

The responsibility of obtaining knowledge of all laws and regulations in force rests with the motor vehicle operator. Students, faculty, and staff are expected to be familiar with and abide by these regulations. The fact that a violation notice is not issued when a vehicle is illegally parked does not mean or imply that the regulations or laws are no longer in effect.

A. AUTHORITY: By virtue of the powers granted to the Board of Trustees by the Constitution, the Board of Trustees has the authority to adopt and promulgate reasonable rules and regulations for the management and governance of the institution. These powers may be delegated to various University officials for the governance of students and the administration of University Affairs, *et. Alabama Code §516-47-2, 234(1975).*

Parking and Transportation Services and the University Police Department are continually working to improve traffic and parking conditions on campus. Any problem relating to parking on campus should be brought to the attention of the Parking and Transportation Services Department (934-3513) between the hours of 7:30 a.m. and 4:30 p.m. on week-days and the University Police Department (934-4434) after 4:30 p.m. and on weekends. Every effort will be made to correct these problems and improve on your parking facilities. We hope that with your cooperation, traffic and parking problems on the UAB campus will be minimized.

The privilege of parking a motor vehicle on the UAB campus is authorized upon the condition that those persons operating or parking a motor vehicle on campus obey the parking regulations as explained in this handbook. These regulations are enforced by Parking and Transportation Services and the University Police Department to ensure close adherence to the rules providing maximum benefit to all parkers.

- Resident permits are valid in the non-resident lots (Lot 15) after 5:00 p.m.

The following parking and traffic regulations are effective August 1, 2009 and are subject to change at any time with public notice. All vehicles parking on UAB property, owned or leased, must be registered with Parking and Transportation Services and must properly display the appropriate lot permit. Once registered, a vehicle may be legally parked only in the lot for which its permit is designated with the following exceptions:

Helpful Hints

FOR PARKING AT UAB

You must display a permit while in a UAB lot and park in a designated space. Registering your vehicle does not exempt you from having to display your permit. Leaving a note, or putting on your flashers will not keep you from receiving a citation and the absence of a “No Parking” sign in drives or along curbs does not mean that parking is allowed there.

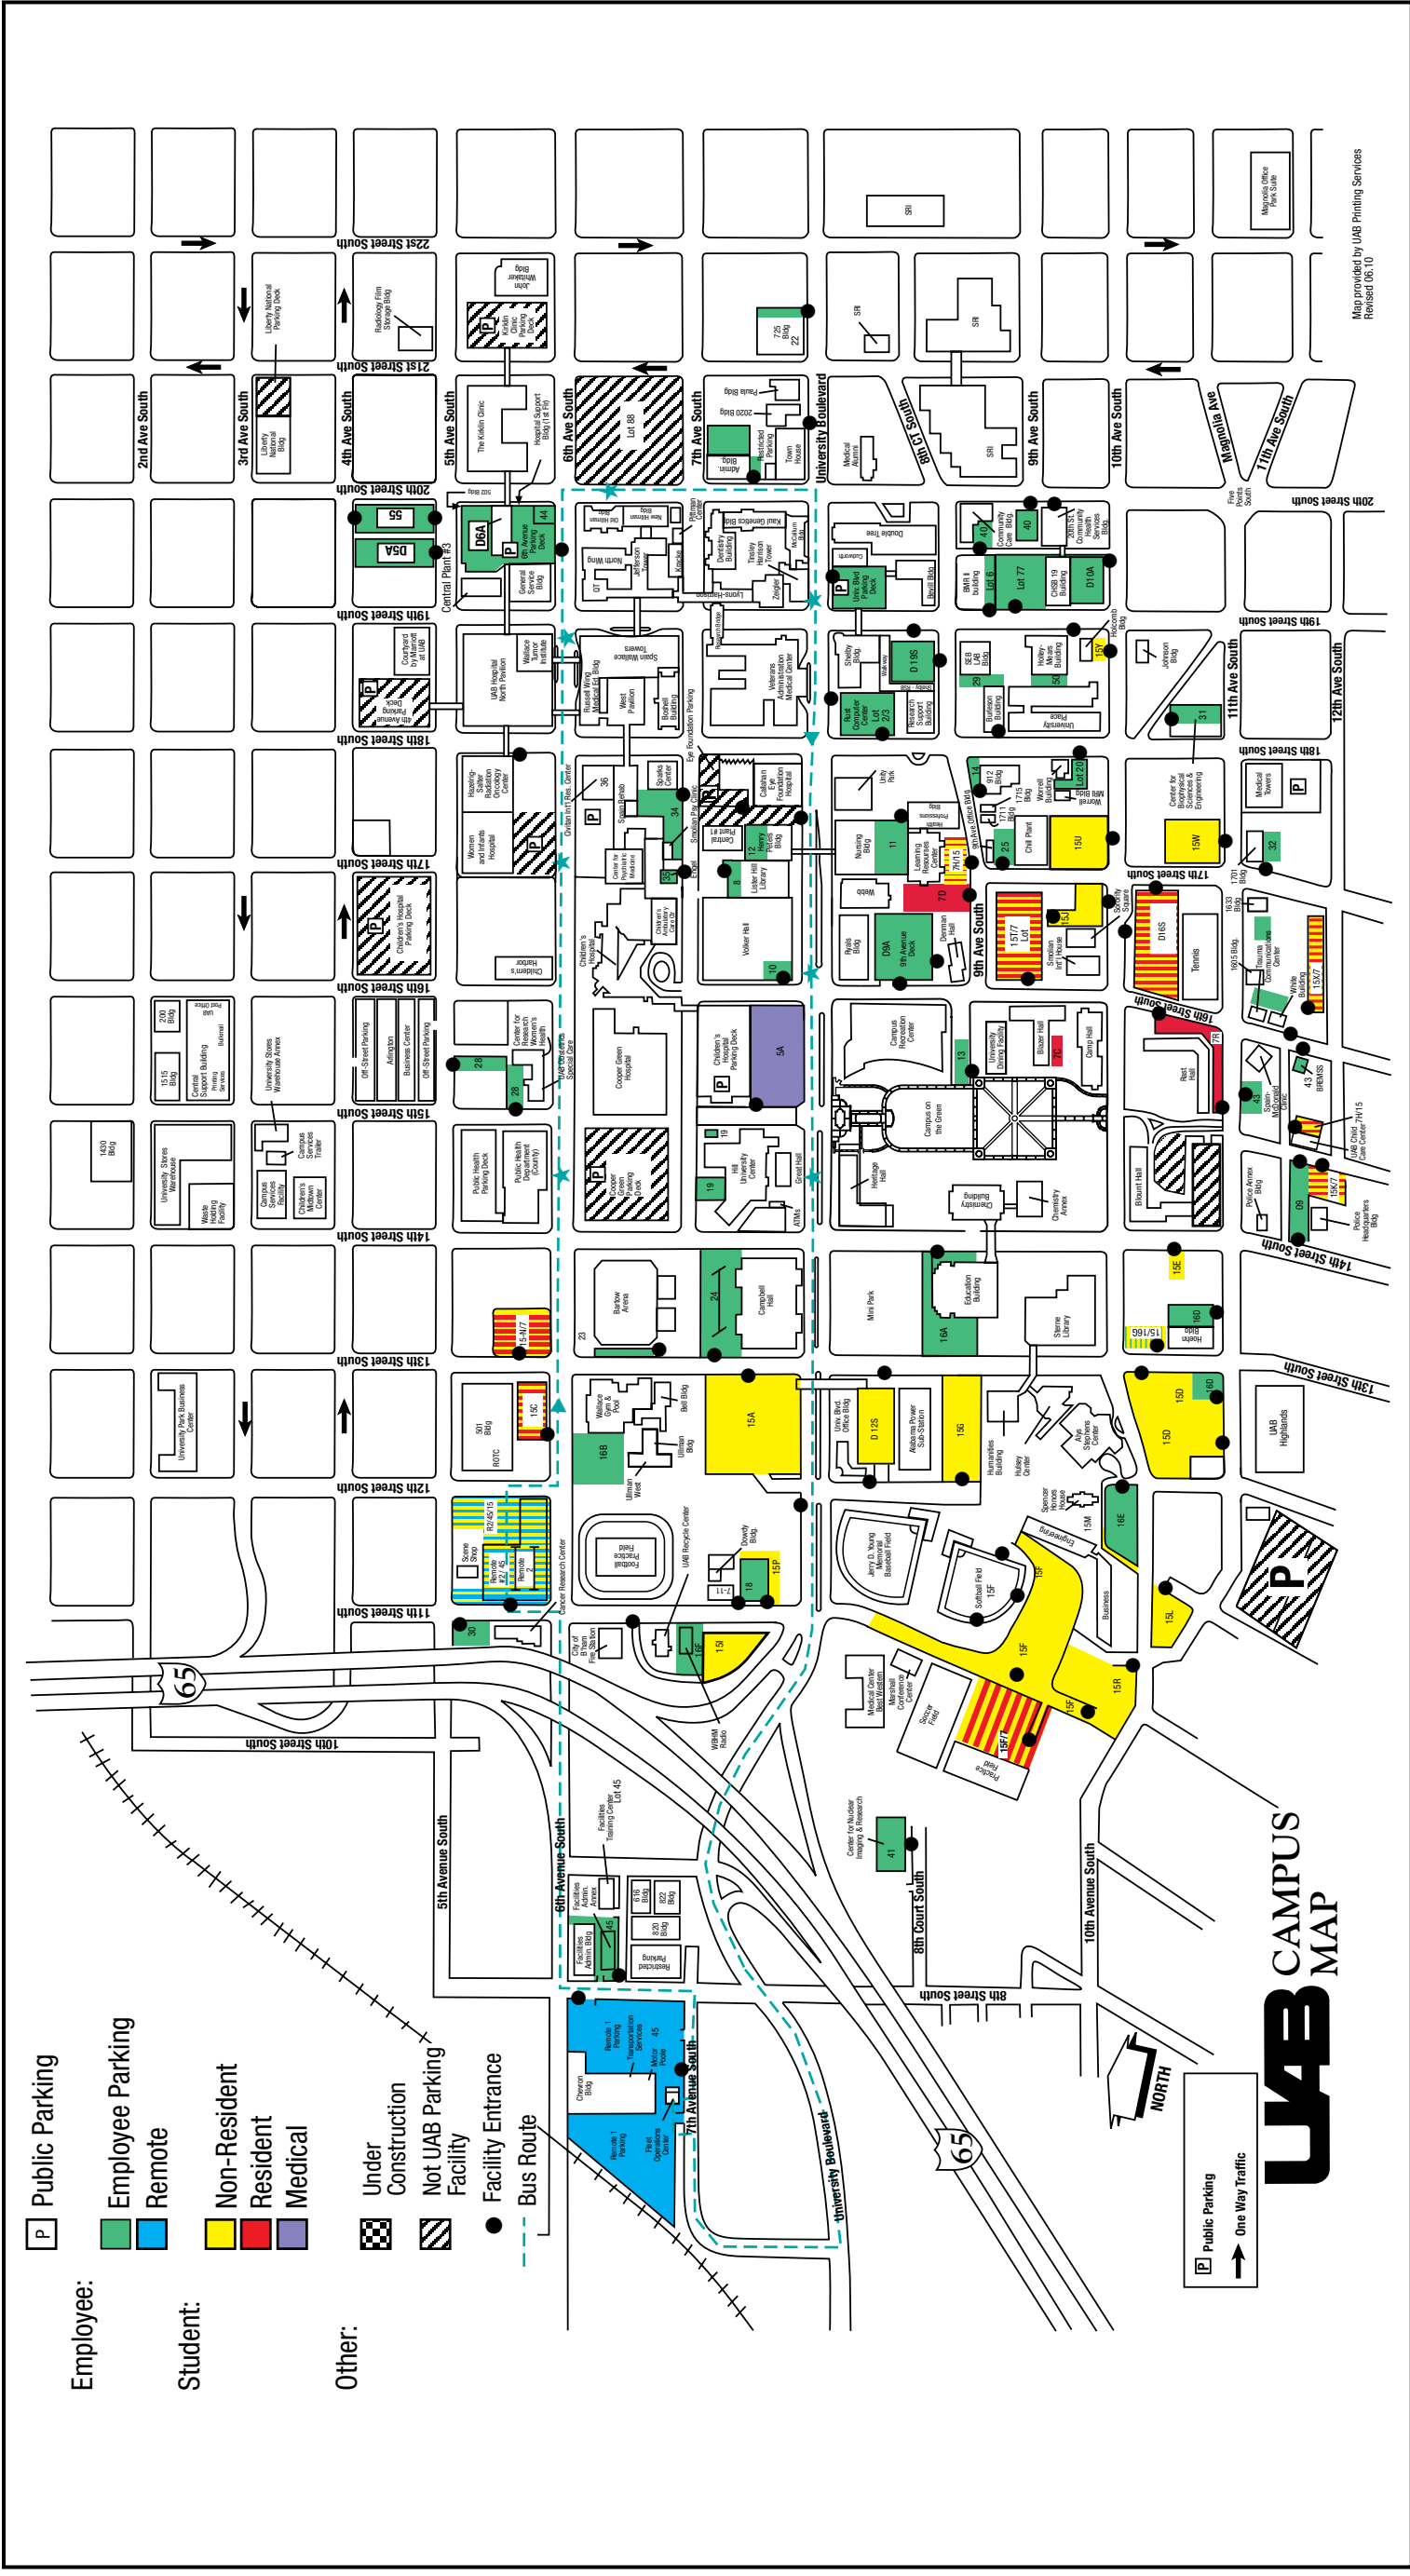

Parking permits must correspond to the proper parking zone. Before parking in a facility, please read the sign(s) at the entrance. Permit restrictions are listed on these signs.

Stay Safe. Hide your valuables; that includes taking down any GPS devices (and windshield mounts), and not leaving purses, wallets, and backpacks in the open. Always remember to lock your doors.

Meter rates and times vary by location. Permits, including handicapped permits, are subject to meter violations.
