MEMORANDUM

TO: University deans, faculty, and staff
FROM: Richard B. Marchase, Ph.D., Vice President for Research and Economic Development
DATE: Friday, May 27, 2016
SUBJECT: UAB Industry Sponsored or Funded Clinical Trial F&A Rate Will Increase Effective July 1, 2016

Effective July 1, 2016, the UAB Facilities & Administrative (F&A) rate for industry sponsored or funded clinical trials will increase to 30%. This change is only applicable to new submissions to the Office of Sponsored Programs (OSP) on or after July 1, 2016.

This increase, which will put UAB in the mid-range among peer institutions, will be used to offset costs associated with the recently established Office of Clinical Trial Administration, in particular the purchase and implementation of new clinical trial support software programs, PowerTrials and OnCore. Clinical trials initiation fees charged to the sponsor, such as the UAB Human Subjects Review Fee, will not be affected.

Please note: Certain terms and conditions may require application of a higher rate. This rate is not applicable to government sponsors.

Please contact the Director of the Clinical Trial Administrative Office (CTAO), Mark Marchant, at (205) 934-2098 or marchant@uab.edu if you have any questions about this fee.
