Dean Jones announces building dedication

Hello friends,

It gives me great pleasure to let you know that we are moving into the new SHP building addition in less than a month. We invite everyone who has donated to the building campaign to attend our grand opening and dedication ceremony on Friday, October 11, 2013. More information on this formal dedication is to come.

Even though we are moving into the new facilities next month we are only halfway to our building campaign goal of \$6 million. To those who have given generously

A Challenge for the Class Challenge

Regarding [the MSHA and EMSHA Class Challenge](#), first the good news...

Congratulations to MSHA classes 6, 9 and 18—they have surpassed their campaign goal! And in the race to be next to surpass their goal, we wish the best to MSHA classes 14, 31, 33 and 37—each are two-thirds of the way or further in the quest to reach their goal.

However, 16 of 46 (35%) classes have yet to reach 20 percent of

I cannot thank you enough for recognizing the profound and immediate impact your gift will have on future generations.

A gift to our campaign is an investment in facility, faculty and students that will bring outstanding returns to health care systems located around the world. I ask those of you who have yet to give to look at the upcoming open house as an open invitation for you to join [the long list of your classmates and other health care leaders who have already donated.](#)

We do have a ways to go and we will make it with your help. In advance, let me say thank you for finding it in your heart to make a difference and I look forward to seeing you at the dedication in October.

All the best,
~Harold P. Jones, Ph.D., dean, School of Health Professions

their goal. Please take a moment to look at [the latest MSHA class standings](#) to see where your class stands.

We would also like to thank members of EMSHA classes 27, 38, 41 and 43. These four classes have recognized this as a great opportunity and have stepped up to be the leaders of the EMSHA challenge. They have set the standard for the other EMSHA classes to meet.

We are thrilled with the efforts of all Class Leaders but there are classes without leaders. To see if your class has a leader [click here](#). To become a Class Leader contact Katie Adams at 205-996-5469 or katiedav@uab.edu.

Thank You!

Many thanks to everyone serving on the SHP Building Campaign Committee. We would also like to extend our gratitude to our committee co-chairs for their continued service and leadership:

Jon Vice, president & CEO, Children’s Hospital and Health System of Wisconsin (retired), MSHA Class 7

Mike Williams, president & CEO, Community Hospital Corporation, MSHA Class 14
