INTRODUCTION

DEAN’S WELCOME MESSAGE

Welcome to the University of Alabama at Birmingham School of Health Professions, one of the nation’s leaders in the health care industry.

We are home to one of the largest health professions schools in the nation with more than 20 programs at the baccalaureate, master’s, and doctoral levels with nearly 2,000 undergraduate and graduate students enrolled. The School of Health Professions is part of UAB’s thriving academic health center. As one of our students, you will have the opportunity to work side-by-side with world-renowned researchers and faculty, utilize the most advanced technologies and experience the most cutting-edge approaches to clinical treatment.

We understand health care needs are constantly changing. That’s why we continue to add innovative programs such as our unique Biotechnology Program, Genetic Counseling, our one of a kind Low Vision Therapy and our newest program, a PhD in Rehabilitation Science. We offer this in addition to our many established offerings.

All of our programs are fully accredited by their respective professional organizations, which means you will be eligible for licensure, national certification or registration, and enjoy mobility in the job market. Our first-time student pass exam rate on credentialing exams is an astounding 98 percent.

Several of our programs rank in the nation’s top 30 by U.S. News and World Report including our Master’s in Health Administration ranked at number five, entry level Physical Therapy at number 19, Physician Assistant Program at number 25 and Occupational Therapy at number 29. We continue to rank at the top of the list in research funding from the National Institutes of Health, and SHP is the only school in the country to house both a NIH-funded Nutrition and Obesity Research Center and an NIH Diabetes Research and Training Center.

What this means to you is that you will graduate with a degree with an esteemed reputation, job opportunities in the health care industry that will continue to grow in the next decade, and a chance for you to make a difference in your field.

Our alumni give advice to current students that’s worth repeating: be a sponge, learn your craft to be a better professional for your patients, be open minded to all future possibilities, and remember to have life balance. I look forward to seeing you grow in your respective field and watch as you become the professional we know you can be in the next few years.

Harold P. Jones, PhD
Dean
UAB School of Health Professions
OVERVIEW OF THE SCHOOL OF HEALTH PROFESSIONS

A leader in federally funded research, the UAB School of Health Professions (SHP) is the largest academic institution of its type in the United States and currently boasts four nationally ranked programs. What began in the 1950s as a collection of courses in various paraprofessional disciplines has grown into an internationally recognized center of academic excellence.

The SHP initially took shape in 1969 as UAB gained autonomy within the University of Alabama System. Originally christened the School of Community and Allied Health Resources (SCAHR), the school incorporated the School of Health Services Administration and the Division of Allied Health Sciences from the College of General Studies with parts of the Department of Public Health and Epidemiology from the medical school. An innovative facility designed to meet the growing needs of the health care industry, the SCAHR was divided into four academic divisions that functioned like regular academic departments: Health Services Administration, Public Health and Environment, Allied Health Sciences, and the Regional Technical Institute for Health Occupations.

Throughout the 1970s and 80s the school’s offerings were amended to reflect the changing health care industry. As a result of those changes, SCAHR became SPAH (the School of Public and Allied Health), before becoming SCAH (the School of Community and Allied Health), and then SHRP (the School of Health Related Professions). During that time, the school added several new areas of study including the consistently nationally ranked Nutrition Sciences program.

In 2001, Dr. Harold Jones was recruited to become the school’s dean. Through his visionary leadership and guidance the school has experienced a period of unparalleled success beginning with the SHRP’s reorganization and relocation. Up that point in time, the SHRP’s programs had been housed in various locations throughout the UAB campus but during the spring of 2002, many of the classrooms, laboratories and faculty offices moved into the newly completed School of Health Professions Building (SHPB), the first such building dedicated to housing those programs since their original grouping more than 30 years before.

Today the school is known as the School of Health Professions, and is comprised of more than 20 programs – at the baccalaureate, master’s and doctoral levels – across five academic departments: Clinical and Diagnostic Sciences, Health Services Administration, Nutrition Sciences, Occupational Therapy, and Physical Therapy. The school is housed in three buildings, the Susan Mott Webb Nutrition Sciences Building, the Learning Resource Center Building and the SHPB. A major renovation of the SHPB is currently underway to add additional offices, laboratory, and classroom space to meet the needs of incoming students and accommodate the next generation of leaders in the health professions.

With more than 2,100 faculty, staff and students, the SHP is one of the six schools comprising the world-renowned UAB Academic Health Center. Students are exposed to vast resources, state-of-the-art facilities, and progressive research during their academic and clinical education at UAB. SHP is proud of many accomplishments including:

- U.S. News & World Report ranks several SHP programs in the nation’s top 25
- Research funding is rapidly approaching the $11 million level
- The school is at the top of the list in research funding from the National Institutes of Health for schools of its type and has been either first or second in funding received since 1969
- All of the school’s programs with professional accrediting agencies are fully accredited by those associations
The SHP Office of Student Success supports UAB’s mission and values with a focus on achievement, collaboration and diversity. Guided by our commitment to student achievement and dedication to excellence, the Office of Student Success provides academic counseling and advising support to all students through a number of programs including:

- Academic advising and counseling
- Peer tutoring services
- ADA accommodations
- Campus resource referral

At the Office of Student Success, we understand that undergraduate and graduate studies can be challenging and we provide students with a network of services specifically designed to address those challenges and explore the many opportunities of attending an internationally renowned research university. We have created a series of seminars, available in person and on-line to assist students with:

- Test taking strategies
- Time management
- Resume preparation
- Interview skills and techniques
- Professionalism in health care

Additionally, the Office of Student Success team recognizes that with classes and labs, internships and studying, students’ in the health professions can have particularly demanding schedules. In response we have created a number of programs specifically to address our students’ limited availability:

- The OSS Advising Coffee House
- OSS Monthly Brown Bag Lunch Seminars
- OSS Virtual Seminars
- OSS’s own, in-office, liaison to the UAB Office of Career Services
- The OSS Finals Week Breakfast Fiesta

The advising and professional team at the Office of Student Success is here to support individual students and student groups, contributing to the University’s strong sense of community. We have an open-door policy and encourage students to connect on a personal basis with advisors and mentors. To that end, students should feel free to drop-by, no appointment needed – but if they prefer, they can call, email or arrange a meeting with one of our advisors through the OSS website. We are here to help students make the most of their UAB experience and will assist in any way we can.

Our Goal is Student Success!

Check us out!

DEPARTMENT OF CLINICAL AND DIAGNOSTIC SCIENCES

Welcome
The Department of Clinical and Diagnostic Sciences (CDS) is comprised of academic programs essential to today’s healthcare system. Our programs provide training for future health care professionals in a variety of disciplines ranging from the diagnosis of illness and disease, the administration of advanced treatment therapies, and the performance of vital roles in surgical suites and in outpatient and inpatient healthcare settings. Graduates of our programs are well poised for a wide variety of job opportunities due to the outstanding education received at UAB.

About the Department
Comprised of multiple academic programs, CDS provides training for tomorrow’s health care professionals from physician assistants and genetic counselors to nuclear medicine technologists. Students receive hands-on training from renowned faculty while using the tools to prepare them for a career in health care.

Accreditation Information

SECTION 1 – SCHOOL AND UNIVERSITY INFORMATION

ACADEMIC CALENDAR
All dates related to registration, payments of tuition and fees, drop/add dates, other administrative requirements, and official school holidays are recorded on the UAB Academic Calendar available at www.uab.edu/academiccalendar.

ACADEMIC HONOR CODE (UAB)
The University expects the highest ethical and professional behaviors from the academic community. The code, including penalties for violations, is published on the UAB website at http://www.uab.edu/graduate/area-3/online-orientation/227-the-uab-academic-honor-code.

<table>
<thead>
<tr>
<th>The UAB Academic Honor Code</th>
</tr>
</thead>
<tbody>
<tr>
<td>The University of Alabama at Birmingham expects all members of its academic community to function according to the highest ethical and professional standards. Students, faculty, and the administration of the institution must be involved to ensure this quality of academic conduct. Academic misconduct undermines the purpose of education. Such behavior is a serious violation of the trust that must exist among faculty and students for a university to nurture intellectual growth and development. Academic misconduct can generally be defined as all acts of dishonesty in an academic or related matter. Academic dishonesty includes, but is not limited to, the following categories of behavior:</td>
</tr>
<tr>
<td>ABETTING is helping another student commit an act of academic dishonesty. Allowing someone to copy your quiz answers or use your work as their own are examples of abetting.</td>
</tr>
<tr>
<td>CHEATING is the unauthorized use or attempted use of unauthorized materials, information, study aids, the work of others, or computer-related information.</td>
</tr>
<tr>
<td>PLAGIARISM means claiming as your own the ideas, words, data, computer programs, creative compositions, artwork, etc., done by someone else. Examples include improper citation of referenced works, the use of commercially available scholarly papers, failure to cite sources, or copying another person’s ideas.</td>
</tr>
<tr>
<td>FABRICATION means presenting falsified data, citations, or quotations as genuine.</td>
</tr>
<tr>
<td>MISREPRESENTATION is falsification, alteration, or the misstatement of the contents of documents, academic work, or other materials related to academic matters, including work substantially done for one class as work done for another without receiving prior approval from the instructor.</td>
</tr>
<tr>
<td>Violations of the UAB Academic Honor Code are punishable by a range of penalties, from receiving a failing grade on an assignment to an F in the course to dismissal. Any course grade of F for academic misconduct supersedes any other grade or notation for that class. Withdrawal from a course while a possible violation of the Academic Honor Code is under review will not preclude the assignment of a course grade that appropriately reflects the student’s performance prior to withdrawal if the violation is substantiated.</td>
</tr>
</tbody>
</table>

AskIT
AskIT is the technology help desk for faculty, staff, and students. AskIT staff provides free support via telephone, email, or in-person. AskIT is physically located in the Center for Teaching and Learning in the Education Building, room 238. You can make contact through the website at https://ask.it.uab.edu/ or
by telephone at (205) 996-5555. Questions or problems can also be submitted by email to
ASKIT@uab.edu. You will be asked to supply your BlazerID when you request assistance.

**ATTENDANCE**

Class attendance is expected in all SHP programs. Specific program requirements for class, laboratory,
and clinical site attendance may be more stringent than those established by the University. Please
refer to the program requirements elsewhere in this handbook and in individual course syllabi for
program attendance policies. The UAB policy for undergraduates follows. Please note the categories of
excused absences; they typically apply to both undergraduates and graduates.

<table>
<thead>
<tr>
<th>UAB Attendance and Excused Absence Policy</th>
</tr>
</thead>
<tbody>
<tr>
<td>The University of Alabama at Birmingham recognizes that the academic success of individual students is related to their class attendance and participation. Each course instructor is responsible for establishing policies concerning class attendance and make-up opportunities. Any such policies, including points for attendance and/or participation, penalties for absences, limits on excused absences, total allowable absences, etc., must be specified in the course syllabus provided to students at the beginning of the course term. Such policies are subject to departmental oversight and may not, by their specific prescriptions, negate or circumvent the accommodations provided below for excused absences.</td>
</tr>
<tr>
<td>The University regards certain absences as excused and in those instances requires that instructors provide an accommodation for the student who misses assignments, presentations, examinations, or other academic work of a substantive nature by virtue of these excused absences. Examples include the following:</td>
</tr>
<tr>
<td>• Absences due to jury or military duty provided that official documentation has been provided to the instructor in a timely manner in advance.</td>
</tr>
<tr>
<td>• Absences of students registered with Disabilities Services for disabilities eligible for &quot;a reasonable number of disability-related absences&quot; provided students give their instructors notice of a disability-related absence in advance or as soon as possible.</td>
</tr>
<tr>
<td>• Absences due to participation in university-sponsored activities when the student is representing the university in an official capacity and as a critical participant, provided that the procedures below have been followed:</td>
</tr>
<tr>
<td>o Before the end of the add/drop period, students must provide their instructor a schedule of anticipated excused absences in or with a letter explaining the nature of the expected absences from the director of the unit or department sponsoring the activity.</td>
</tr>
<tr>
<td>o If a change in the schedule occurs, students are responsible for providing their instructors with advance written notification from the sponsoring unit or department.</td>
</tr>
<tr>
<td>o Absences due to other extenuating circumstances that instructors deem excused. Such classification is at the discretion of the instructor and is predicated upon consistent treatment of all students. In these instances, instructors must devise a system for reasonable accommodation including, for example, policies allowing for dropped exams/quizzes, make-up exams, rescheduling of student classroom presentations or early or later submission of written assignments.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>AWARDS AND HONOR SOCIETIES</th>
</tr>
</thead>
<tbody>
<tr>
<td>All students in the School are eligible for consideration for following awards or society memberships.</td>
</tr>
</tbody>
</table>

*Alfred W. Sangster Award for Outstanding International Student* – One award is made annually to an international student in recognition of academic and non-academic achievements.
Alpha Eta Society – The UAB Chapter of this Society recognizes students registered in the final term of a baccalaureate or graduate health professions program. Inductees must have a cumulative grade point average of 3.0 (4.0 = A), and be in the upper 10% of their program. Nominations are made by program directors in spring and summer terms.

Cecil Clardy Satterfield Award for Humanism in Health Care – One award is made annually to recognize an outstanding student for humanitarianism, professionalism, and commitment to health care. Nominations are coordinated by program directors, but may also be made by faculty, students, patients, or preceptors.

Charles Brooks Award for Creativity – One award is made annually in recognition of creative accomplishments such as written publications or artistic contributions which complemented the student’s academic activities. Nominations are made by program directors.

Dean’s Leadership and Service Award – This award is made to a maximum of three outstanding SHP students annually, and recognizes leadership to the School, UAB, and the community. Nominations are made by program directors or faculty.

Phi Kappa Phi – This is the oldest, and most selective, all-discipline honor society in the nation. Membership is by invitation to the top 7.5% of junior students and the top 10% of seniors and graduate students. Nominations are made by program directors.

Who’s Who Among Students in American Colleges and Universities – Membership in this national organization is open to outstanding college juniors, seniors, and graduate students. Criteria include scholarship, leadership, and service to the School and community. Applications should be submitted in spring term to the Office of Student Success.

Please refer to the program section of this handbook for awards and honors available to students in individual programs.

BACKGROUND CHECK
By policy, SHP students are required to undergo a background check using the school’s approved vendor, Certified Background, at the time of program admission and again prior to placement in a clinical rotation. Instructions for requesting the background check and appropriate consent forms will be provided to students by their programs. Please refer to the policy section of this handbook for the policy statement.

BLAZERID / BLAZERNET / EMAIL
All students are assigned a unique identification, their BlazerID, which is established by the student at www.uab.edu/blazerid. BlazerNET is the official portal to the UAB information networks. The portal can be accessed from any Internet-accessible computer, on- or off-campus at https://blazernet.uab.edu/cp/home/displaylogin. Your BlazerID is required to access BlazerNET and other campus information resources, such as the UAB email accounts. Your UAB email is the official communication medium and should be monitored routinely. UAB student email is provided through Microsoft Office 356, a cloud based email and file storage system. Students have 50 GB email space and 25 GB free file storage.
**Blazer Express**
The UAB Blazer Express Transit System is a service operating under the Business & Auxiliary Services that provides transportation throughout the University campus. With a valid UAB ID badge, students, employees, and authorized visitors can enjoy fare-free bus transportation along 6 designated routes. All buses are ADA-accessible and can seat approximately 35 riders. For an updated schedule and route maps and hours of operation please go to [http://www.uab.edu/blazerexpress/](http://www.uab.edu/blazerexpress/).

**Bookstores**
Two bookstores are located on the UAB campus, both offering a wide variety of products and services to students, including online purchasing and shipping. Both bookstores stock UAB memorabilia and college wear in addition to all required textbooks and course material.

**UAB Barnes and Noble Bookstore**
Location: 1218 6th Avenue South  
Hours: M – Th 7:30 a.m. – 6:00 p.m.; Fri 7:30 a.m. – 5:00 p.m.; Sat 10:00 a.m. – 2:00 p.m.; Sun - Closed  
Telephone: (205) 996-2665  
Email: Through website contact page. Website: [http://uab.bncollege.com](http://uab.bncollege.com)

**Snoozy’s Bookstore**
Location: 1321 10th Avenue South  
Hours: M – F 7:45 a.m. – 6:00 p.m.; Sat 10:00 a.m. – 2:00 p.m.; Sun – Closed  
Telephone: (205) 328-2665  
Fax: (205) 933-2229  
Email: info@snoozysbookstore.com  
Website: [www.snoozysbookstore.com](http://www.snoozysbookstore.com)

**Campus One Card**
The UAB OneCard is the official university identification card. It is used for personal identification, for entry to campus events and the recreation center, for library check-out, and other UAB services. It also serves as a declining balance card for the UAB meal plans and for Blazer Bucks accounts. Additional information is available at [https://campuscard.uab.edu](https://campuscard.uab.edu).

**Campus Map**

**Canvas Learning Management System**
The platform used for managing instructional materials online is Canvas. Canvas course sites can be accessed through BlazerNET or at [http://www.uab.edu/online/canvas](http://www.uab.edu/online/canvas). Students should monitor their course sites routinely for communications from faculty and to manage course assignments.

**Counseling Services**
The Counseling and Wellness Center offers no cost, confidential counseling for UAB students related to physical, emotional, social, intellectual, or spiritual concerns. The Center is located in the Holley-Mears Building, 924 19th Street South. For more information, call (205) 934-5816 or visit: [http://www.uab.edu/handbook/student-services/c-counseling](http://www.uab.edu/handbook/student-services/c-counseling).
**DIRECTIONS STUDENT HANDBOOK**

The UAB student handbook, *Directions*, may be accessed online at [http://www.uab.edu/handbook/](http://www.uab.edu/handbook/).
The Graduate School has an additional handbook available at:

**DISABILITY SUPPORT SERVICES**

Offices for UAB’s Disability Support Services (DSS) are located at 516 Hill University Center. The purpose of these services is to make UAB’s programs and services accessible to students with disabilities. Students must be registered with DSS and be assessed for type of disability and need for accommodations. It’s best to register with DSS when upon application to UAB. A request for assessment and accommodations can be made at any time, but accommodations are not granted retroactively. For more information about DSS, contact the office directly or visit their website.

**Disability Support Services**

| Location: 9th Ave. Office Building, 1701 9th Ave. South/Birmingham, AL 35294-1150 |
| (205) 934-4205 (Voice) |
| (205) 934-4248 (TDD) |
| Fax: (205) 934-8170 |
| Email: dss@uab.edu |
| Website: [http://www.uab.edu/handbook/student-services/c-disability](http://www.uab.edu/handbook/student-services/c-disability) |

When testing accommodations have been granted to a student, for example double time for an examination, the student must:

- Contact the office of DSS to schedule their exams for the semester. The Office of DSS requires at least 48 hours notice to schedule and confirm testing arrangements. It is recommended that students schedule their tests as early as possible to prevent delays in testing. The Office of DSS has limited testing sites and these sites are available university-wide.
- Inform their course instructor of the scheduled time frame, to allow the program faculty to then facilitate the exam through DSS.

**NOTE:** It is the student’s responsibility to arrange testing for their classes and to report this information back to the course instructor at least 48 hours in advance of their scheduled examination. Failure to do so will result in a delay in testing.

**DRUG SCREENING**

By policy, SHP students are required to undergo a routine drug screen using the school’s approved vendor, CertifiedBackground, at the time of program admission and again prior to placement in a clinical rotation. Instructions for requesting the drug screen and appropriate consent forms will be provided to students by their programs. Please refer to the policy section of this handbook for the school and university policy statements related to drug use and substance abuse.

**EMERGENCIES**

Any suspicious or threatening activity should be reported to the UAB Police Department immediately. In addition to calling via a regular telephone, more than 300 emergency blue light telephones connected directly to the police dispatcher are located throughout the campus. Police are staffed 24 hours, seven days a week.

UAB Police Numbers: 911 from a campus phone; 934-3535; 934-HELP (4357); 934-4434.
Emergency situations affecting the campus are communicated to students in several ways:

- Webpage: www.uab.edu/emergency
- University home web page: www.uab.edu
- Cell phone messages and SMS text – register to receive these notices with the UAB Emergency Notification System (B-ALERT) via www.uab.edu/balert; text short code will be 23177 or 63079; cell phone calls will come from (205) 975-8000. Store these numbers and codes in your cell as B-ALERT.
- Mass emails – uses the official xxx@uab.edu email system
- Announcements on the BlazerNET portal
- Facebook and Twitter – B-Alert integrates with these media at www.facebook.com/UABALERT and @UABALERT: www.twitter.com/uabalert
- Weather and Emergency Hotline: (205) 934-2165

EQUITY AND DIVERSITY OFFICE

The mission of the UAB Office of Equity and Diversity is to “increase, retain and enhance faculty, student, and staff diversity at all levels of the University and to ensure equity.” UAB defines diversity as “the full range of human difference and potential...”. This administrative office supports faculty recruitment, provides scholarships for graduate and undergraduate students, and promotes programs to enhance the campus diversity experience. The office provides a diversity awareness training program for employees. A key component of this Office is the Commission on the Status of Women, which is charged with assuring the best possible conditions for women who work and study at UAB. Additional information is available at http://www.uab.edu/equitydiversity/. Dr. Louis Dale is the Vice President responsible for the activities of this Office.

FERPA

The Family Educational Rights and Privacy Act of 1974 provides protection for all educational records related to students enrolled in an educational program. Information about your rights and protection of your records is available at the following sites: https://sa.uab.edu/enrollmentservices/ferpa/; https://sa.uab.edu/enrollmentservices/ferpa/FERPA_students.asp. If you have questions or concerns about FERPA issues, you may email FERPA@uab.edu, or contact the SHP Office of Student Success.

FINANCIAL AID

Located at 1700 University Blvd., Lister Hill Library, Room G40. Hours of Operation are from 8:00 am to 5:00 pm Monday thru Friday. (205) 934-8223 phone; (205) 975-6168. Additional information can be located on the website http://www.uab.edu/students/paying-for-UAB.

FOOD SERVICES

UAB offers seven meal plans for students that are billed to the student account. All students, even commuters, are required to purchase a meal plan. Up to 25% of dining fees not used by the end of the school year are converted to Blazer Bucks, which can be used to shop at campus bookstores, local restaurants, and the campus CVS. Several dining facilities that accept the meal plans are available on campus. Those closest to the SHP buildings include:

- Commons on the Green – located on the Campus Green, just south of 9th Avenue and the Campus Recreation Center.
- Einstein’s Bagels – located at the plaza entrance to the Learning Resource Center. Open Monday – Thursday, 8:00 a.m. – 5:00 p.m., and Friday 8:00 a.m. – 3:00 p.m.
There are soda and snack vending machines available in the basement of the Learning Resource Center, on the 6th floor of the Webb Building, and on the 4th floor of the SHP Building. Additional information about meal plans and campus dining facilities is available at www.uab.edu/dining.

**GRADUATE SCHOOL**

The UAB Graduate School offers doctoral programs in 37 areas, eight post-master’s specialist programs, and master’s level programs in 45 areas. Most graduate programs in SHP are coordinated through the Graduate School and students must adhere to the Graduate School policies and procedures. Graduate School information for current students is available at http://www.uab.edu/graduate/.

**GRADUATION**

UAB offers two commencement ceremonies, one in the fall and one in the spring. All students must complete an application for degree six months prior to graduating. For more information and important deadlines please go to http://www.uab.edu/commencement/degree-applications.

**HEALTH SERVICES AND MEDICAL CLEARANCE**

The University provides prevention, counseling, and treatment services to students through the UAB Student Health Services (SHS) clinic located at 930 20th Street South. The clinic is open from 8:00 a.m. – 5:00 p.m. Monday – Thursday and 8:00 a.m. - 4:30 p.m. on Friday, but is closed between noon and 1:00 p.m. daily. Detailed information about services and operating practices is located on the SHS website at www.uab.edu/studenthealth. Appointments may be scheduled by calling (205) 934-3581.

SHP students are required to receive medical clearance at the time of program admission. A secure web-based process using CertifiedBackground, an external vendor, is used to document medical information and immunization records. Each student will have a personal account with CertifiedBackground for storage of required documents. More information is available under the Medical Clearance Sections of the SHS website. An instruction sheet and access code are provided to students by programs or the Office of Student Success.

**HIPAA TRAINING**

The Health Insurance Portability and Accountability Act includes significant requirements for protecting individual privacy of health information. All students in the School of Health Professions must complete an online tutorial and be tested on HIPAA regulations at the time of program admission. A BlazerID is required to access the training site, located at www.uab.edu/learningsystem. Compliance with the training requirement is monitored monthly. Students who have not completed the training are reported by name to the Office of Student Success for follow-up with the appropriate program director.

**INSTITUTIONAL REVIEW BOARD FOR HUMAN USE (IRB)**

Student researchers must comply with all requirements for protection of human subjects. Detailed information is available on the IRB website www.uab.edu/irb, including resources and services specifically for students. The brochure “IRB Guidance for Student Research and Class Projects” may be downloaded from this site as a PDF document.
INTELLECTUAL PROPERTY

Intellectual property refers to an asset that originated conceptually, such as literary and artistic works, inventions, or other creative works. These assets should be protected and used only as the creator intends. A training module defining inventor status, patent criteria, and other intellectual property issues is available at http://www.uab.edu/ethicscenter/educational-materials/rcr-materials/intellectual-property.

LACTATION CENTERS

Through the work of the UAB Commission on the Status of Women, the University has provided several lactation centers for students, faculty, and staff across the campus. Locations of the centers are available at http://www.uab.edu/women/lactationcenters.

LIBRARIES AND LEARNING RESOURCES CENTER

UAB’s libraries house excellent collections of books, periodical, microforms, and other media. The libraries have online remote access to catalogs and online collections. Customer services are extensive. All facilities have computers available for student use during regular hours of operation.

Lister Hill Library of the Health Sciences
This is the largest biomedical library in Alabama, and one of the largest in the south. Located across the crosswalk from the School, the LHL has extension libraries in University Hospital and The Kirklin Clinic. Dedicated librarians hold “office hours” in the Learning Resource Center weekly.

Location: 1700 University Boulevard
Hours: M – Th 7:00 a.m. – 9:00 p.m.; Fri 7:00 a.m. – 5:00 p.m.; Sat 9:00 a.m. – 4:00 p.m.; Sun 12:00 p.m. – 8:00 p.m.
Telephone: (205) 934-2230 Website: www.uab.edu/lister/

The SHP library liaison is Susan C. Smith, MPA, MLIS, a reference librarian at the Lister Hill Library. She can be contacted by email at susanc@uab.edu, or by phone at (205) 934-2230.

Mervyn H. Sterne Library
A collection of more than one million items supporting teaching and research in the arts and humanities, business, education, engineering, natural sciences and mathematics, and social and behavioral sciences.

Location: 913 13th Street South
Hours: M – Th 7:30 a.m. – 2:00 a.m.; Fri 7:30 a.m. – 7:00 p.m. Sat 9:00 a.m. – 5:00 p.m.; Sun 1:00 p.m. – 2:00 a.m.
Telephone: (205) 934-6364 (Reference) (205) 934-4338 (User Services)
Website: www.mhsl.uab.edu

Reynolds Historical Library
A collection of rare and important books, manuscripts and artifacts in the medical sciences. The Reynolds historical collection is located on the top floor of the Lister Hill Library.

Birmingham Public Library
In addition to the main library facility, there are 17 branch libraries. The library holdings include print and digital media. Library services are described on the website.
Location: 2100 Park Place  
Hours: M – Tu 9:00 a.m. – 8:00 p.m.; W – Sat 9:00 a.m. – 6:00 p.m.;  
Sun 2:00 p.m. – 6:00 p.m.  
Telephone: (205) 226-3600  
Website: http://www.bham.lib.al.us/

OneStop Student Services
If you have questions or need assistance with an academic or administrative process, the UAB OneStop is where to go. Advisers will help you solve your problem or do the legwork for you if another UAB resource is needed. OneStop is located in the Residence Life Center of Blazer Hall. 920-16th Street South. You may contact the OneStop office by phone or email at (205) 934-4300; (855) UAB-1STP (toll-free); onestop@uab.edu. Additional information is available at www.uab.edu/onestop.

Parking
Student vehicles must be registered with UAB Parking and Transportation Services, located at 608 8th Street South. The office is open Monday – Friday from 7:30 a.m. – 4:30 p.m. Parking is allocated on a first-come, first-served basis. Commuter student lots are designated as Lot 15, Deck 12, and Deck 16. Parking fees are established by location, payable by semester or year, and are billed to the student's account. Additional information is available at http://www.uab.edu/parking/.

Patient Care Partnership
Students in health professions programs learn general information about the health care industry as well as knowledge and skills specific to their chosen profession. The American Hospital Association (AHA) (www.aha.org) is an excellent resource for industry information. One role fulfilled by the AHA is that of patient advocate. The Patient Care Partnership brochure (link below) outlines rights and responsibilities of patients during hospital stays. http://www.aha.org/aha/issues/Communicating-With-Patients/pt-care-partnership.html.

Plagiarism and Turn-it-In
Plagiarism is academic misconduct that will result in a grade of zero on the plagiarized assignment and may result in dismissal from the School of Health Professions and the University (see DIRECTION Student Handbook or SHP Grievance Procedures for Violations of Academic Standards). All papers submitted for grading in any SHP program may be reviewed using the online plagiarism monitoring software, Turnitin.com. Please note that all documents submitted to Turnitin.com are added to their database of papers that is used to screen future assignments for plagiarism.

Recreation Center
The campus Recreation Center, located on University Boulevard at 15th Street, is open to faculty, staff, students, and their families. A valid student identification card or membership card is required for access. Facilities include basketball courts, racquetball courts, weight rooms, swimming pools, exercise rooms, and indoor track. Check the website at for information about hours and services http://www.uab.edu/campusrecreation.

17

Student Handbook 2014
SCHOLARSHIPS

Many programs in the School have scholarships available to students currently enrolled in those programs. Please see the program section of this handbook for that information. The following scholarships are available to students enrolled in any program in the School.

Dean’s National Alumni Society Scholarship – Funding from the UAB National Alumni Society for two scholarships per year, one to a graduate student and one to an undergraduate student. One student per program is nominated by the program director for consideration by the School’s Scholarship Committee.

Ethel M. and Jessie D. Smith Endowed Nursing and Allied Health Scholarship – Funding for baccalaureate students with GPA 3.0 or above and unmet financial need. Students apply to the UAB Office of Student Financial Aid. Awards are made by the University General Scholarship Committee.

Lettie Pate Whitehead Foundation Scholarship – Funding for Christian women students from selected states (AL, FL, GA, LA, MS, NC, SC, TN) enrolled in SHP programs. Award amounts are variable and are based on unmet financial need. Students apply in the SHP Office of Student Success, SHPB 230.

Matthew F. McNulty Jr. Health Services Emergency Loan – Students enrolled in any SHP program may apply for this low interest loan to address emergencies. Loan amounts are variable based on need. Students apply in the Office of Student Success, SHPB 230.

SHP General Scholarship – Funding to recruit or retain outstanding students. Awards are based on academic achievement, and unmet financial need. Program directors apply for funding on behalf of qualified students. Awards up to $4500 over the length of the student’s duration in the program are made by the School’s Scholarship Committee.

SOCIAL MEDIA

Social media such as Facebook and Twitter are useful communication tools, but health professions students should use these forums judiciously. In addition to the School’s official sites listed below, individual programs and student organizations may have networking sites.

- Website: http://www.uab.edu/shp/
- Twitter: http://twitter.com/#!/UAB_SHP
- Facebook: http://www.facebook.com/UABSHP
- LinkedIn: http://www.linkedin.com/groups?gid=3596638
- Vimeo: http://vimeo.com/uabshp
- YouTube: http://www.youtube.com/uabshp

The School’s Academic Affairs Committee published the following guidelines related to use of social media.
UAB School of Health Professions
Guidelines for Social Networking

The Academic Affairs Committee proposes the following for social networking vehicles. Online communities like Facebook, MySpace, Flickr and Twitter provide opportunities for faculty, staff, and students to share and explore interests that enrich the higher education learning experience. However, using these mediums with discretion is advised. UAB online community members are expected to act with honesty, integrity, and respect for the rights, privileges, privacy, sensibilities, and property of others.

Professional Use
Only UAB employees authorized by their departments may use social networking Web sites to conduct University business. The authorized employee/position will serve as the point of contact for the web site. In keeping with University policy\(^1\), the authorized employee may post on a social network profile: the University’s name, school, department, and/or unit information, a University email address or University telephone number for contact purposes, or post official department information, resources, calendars, and events. The employee should use care that any personal opinions or opposition to the University either by direct statement or perception not be published.

General Use
The following guidelines are strongly suggested:
1. Use networking sites legally and appropriately. Consider your personal obligation as a citizen of the university. Use proper conduct in your posts regarding the university and your colleagues/fellow students.
2. Consider the use of a student, staff or faculty member to monitor any departmental social pages. All parties need to understand the guidelines presented.
3. Remember, you cannot ensure who does and does not have access to your information. Any text or photo placed online is available to anyone in the world – even if you limit access to your site.
4. Information that you post online may continue to stay on the World Wide Web even after you erase or delete that information from your profiles or blog. Do not post anything that could reflect negatively on you, your family, your friends, and the university.
5. Do not post any confidential or sensitive information online.
6. By agreeing to the terms of use, online communities have your permission to republish your content worldwide and share information with advertisers, third parties, law enforcement, and others.
7. You are legally responsible for your posts on the social networking sites. Be discreet, respectful, and as accurate/factual as you can be in any comments or content you posted online.
8. Potential employers, admissions officers, and scholarship committees often search social networking sites to screen candidates. Your profile will be a part of how others know you.

\(^1\) The Official UAB Web Policy >> \(\text{http://www.uab.edu/brand/web/planning/policies-and-standards}\)

**Tuition and Fees**

Tuition and fees for the University are published annually under the “Current Students” tab of the UAB website. There are two tuition rates: Alabama resident (in-state) and Non-resident (out-of-state). Currently, non-resident students who register for online course sections pay resident tuition for all lecture-based courses. Non-resident tuition is charged for clinical practicums, independent study courses, and project courses.

SHP programs may have specific fees attached to courses or laboratories. These fees will be addressed in the program section of this handbook. Questions about program-specific fees should be addressed with your program director. Current standard tuition and fees for the School, and links to program cost estimations, are posted at \(\text{http://www.uab.edu/shp/home/admissions-tuition/tuition}\).
Payment deadlines for each semester are published on the official academic calendar and on the UAB website at [http://www.uab.edu/whentopay/](http://www.uab.edu/whentopay/). Please note that failure to meet payment deadlines can result in administrative withdrawal from courses.

Tuition and fees may be paid through BlazerNET.

**Weather**
Severe weather situations that may affect the safety of students, faculty, and staff are communicated through the same channels as other emergencies. Severe weather precautions are published at [www.uab.edu/emergency/severe-weather/precautions](http://www.uab.edu/emergency/severe-weather/precautions). Other information sources include:

- Webpage: [www.uab.edu/emergency](http://www.uab.edu/emergency)
- B-ALERT system: Register to email, cell phone, and text notices with the UAB Emergency Notification System via [www.uab.edu/balert](http://www.uab.edu/balert).
- Hotline: (205) 934-2165
- WBHM Radio (90.3 FM): Announcements about University closings or delayed openings are made on the UAB radio station.

**Withdrawal from Course / Program**
Withdrawal from a course or from a program is an official process and should be discussed with your academic advisor and/or program director. Most programs in the School are full-time and the curriculums are specifically sequenced. Withdrawal from a course may put you at risk for being required to wait for a full year before resuming courses in the program. Course withdrawals are made through the UAB registration system via the Student Resources tab in BlazerNET. Program withdrawal should be made in writing to the program director. Please refer to the program section of this handbook for additional information.

BODY FLUID EXPOSURE
http://www.uab.edu/studenthealth/emergencies/blood-a-body-fluid-exposure

UAB Blood/Body Fluid Exposure Guidelines

This guideline outlines recommended actions following any blood/body fluid exposure to a UAB enrolled student or visiting scholar. For purposes of these guidelines, “student” is defined as “any student enrolled in UAB in a clinical, research, or classroom setting.” A “visiting scholar” is any student, graduate student, post-doctoral student, instructor, or practitioner participating in UAB clinical, research, or classroom activities for a short-term period.

Students and scholars may be exposed to blood/body fluids in the course of their clinical and/or research duties at a UAB facility or at a non-UAB facility where a student is involved in a practical experience for credit at UAB. As all blood and body fluids are considered infectious, regardless of the perceived status of the source individual, all students and scholars must follow OSHA guidelines for universal precautions to prevent contact with blood or body fluids in classroom settings and clinical rotation sites. This includes use of gloves, eyewear, and protective clothing, as well as proper care of sharp objects and other precautionary measures. These guidelines are printed on UAB Medicine safety cards; students should keep a safety card with them and consult it in the event of exposure.

An “exposure” is generally defined as a percutaneous injury (e.g., a needle stick or cut with a sharp object) or contact of mucous membrane or non-intact skin with blood, tissue, or body fluids, whether or not there is visible blood.

In the case of any needlestick injury or other accidental blood/body fluid exposure, students and scholars should immediately take appropriate measures as follows:

- **Remove and properly dispose of all contaminated personal protective equipment.** Wash the exposed area thoroughly with soap and running water. Use antibacterial soap if possible. If blood/body fluid is splashed in the eye or on a mucous membrane, flush the affected area with running water for 15 minutes.
- **Report all exposures to a preceptor or clinical supervisor.**
- **Request that an incident report be filed at the host institution (if applicable) and at UAB.**
- **Gather the following information:**
  - a) Hepatitis and HIV status of the source patient. If a source patient’s serological status is unknown, the student, scholar, or preceptor/clinical supervisor should contact the source patient’s attending physician and request that the physician obtain a specimen for serologic testing. Recommended testing of the source patient includes a Rapid HIV, HBsAg, and HCV
antibody. Be sure that the hosting institution draws labs from the source patient.
  o  b) Baseline serologic evaluation of the student or scholar, including the following:
    ▪  HBV history and vaccination status
    ▪  HCV history
    ▪  Serology for HBsAg and HBsAb, HIV Antibody, and HCV Antibody

After taking appropriate immediate measures as outlined above, students or scholars should seek further evaluation and care based on where the incident occurred:
For exposures occurring on the UAB campus (UAB Hospital, Kirklin Clinic, UAB outpatient clinics, classrooms, research labs):
  •  During the day (7:00 a.m. to 5:00 p.m.) go to UAB Employee Health, UAB Spain Wallace 123 (extension 205-934-3675).
  •  After 5:00 p.m. and on weekends and holidays, call Hospital Paging (205-934-3411) and ask the operator to page the needlestick team member on call, who should then page the needlestick team.
  •  Continue to communicate with Employee Health regarding all follow-up care.

For exposures occurring at a non-UAB hospital or clinic:
  •  Inquire about the institution’s exposure policy. If the hosting institution or physician’s office offers to provide medical care and recommended testing, have an initial evaluation and follow-up performed there.
  •  If the hosting institution refuses to provide medical care and recommended testing, report to a local emergency room for initial treatment.
  •  If the hosting facility provides initial treatment, but refuses to provide long-term follow-up care, gather all serologic results from post-exposure, including the patient’s lab work, and notify UAB Employee Health. UAB Employee Health will provide the long-term follow-up care at no charge.

All students or scholars in a clinical, classroom, and/or research placement will be covered for costs incurred in assessing and/or treating potential or actual exposures. This includes costs incurred for any appropriate services rendered (e.g., ER evaluation, including but not limited to lab work, post-exposure prophylactic therapy, immunizations provided onsite or at follow-up at UAB Employee Health), whether on campus or at a non-UAB hospital or clinic.
For treatment costs incurred outside of a UAB facility, please forward all invoices and/or proof of payment to:
  UAB Hospital Employee Health
  Suite SW123
  619 19th Street South
  Birmingham, AL  35249
  Phone:  205-934-3675
  Fax:  205-975-6900

For questions, UAB Employee Health may be reached by phone at 205-934-3675 during normal business hours or by email at employeehealth@uabmc.edu.

**COMPUTER AND NETWORK RESOURCES (ACCEPTABLE USE)**

**COMPUTER SOFTWARE COPYING AND USE**

**DRUG FREE CAMPUS (GENERAL POLICY)**
[http://sppublic.ad.uab.edu/policies/content/Pages/UAB--POL-0000046.aspx](http://sppublic.ad.uab.edu/policies/content/Pages/UAB--POL-0000046.aspx)
School of Health Professions
Student Drug Screen and Background Check

With the exceptions noted below, students admitted to programs in the School of Health Professions will complete a routine drug screen and criminal background check using the vendor(s) with whom the School has a current agreement for those services. These screens should be completed prior to the conclusion of the voluntary add/drop period of the first term of enrollment. A second routine drug screen and criminal background check using the approved school vendor, or a vendor required by the assigned clinical facility, will be completed prior to placement in a clinical rotation. Any required additional screens, and those desired for waived programs, will be at the discretion of the program. School-negotiated fees for these screens will be the responsibility of the student. If either the criminal background check and/or drug screen is unfavorable, the student may not be able to complete degree requirements and therefore not be able to graduate from the program.

Programs Waived from the Policy:

- Master of Science in Health Administration – International Track
- Master of Science in Health Administration – Executive Track
- Master of Science in Occupational Therapy – Post-professional Track
- Graduate Certificate in Low Vision Rehabilitation – Occupational Therapy

Procedure for Criminal Background Check and Drug Screen:

1. Program directors (or designees) provide all accepted students with the Student Instructions form (attached), the Consent to Release of CBC Results form (attached), and the Consent to Release Drug Screen Results form (attached).
2. Students sign and return the consent forms, which are placed in the student’s program file.
3. Students go to the designated website, request the specified background check and drug screen, and pay for the service.
4. Program directors access the secure website to view a student’s background check and drug screen results.
5. Program directors discuss with individual students the implications of any information in their background report or drug screen that might prevent them from being placed in a clinical rotation or that would make them ineligible for professional certification. If such information exists, the student must acknowledge in writing his or her decision to continue in the program’s didactic phase with the understanding that a degree cannot be awarded without completion of required clinical practice.
6. Prior to clinical placement, program directors (or designees) provide students with the Student Instructions form to request a repeat background check and drug screen. If the vendor is specified by the clinical site, instructions are provided to the program director and/or the student by the preceptor.
7. Students go to the designated website, request the specified background check and drug screen, and pay for the service.
8. Program directors access the secure website to view a student’s background check and drug screen results.
9. Program directors discuss with individual students the implications of any information in the background report that might prevent them being placed in a clinical rotation.
10. Program directors (or designees) provide students with necessary contact information to release background check and drug results to their assigned clinical preceptor.
11. Should any clinical site require drug testing or a background check beyond those specified by the School, the student will follow the facility’s procedures for those screens.
GRIEVANCE PROCEDURES FOR VIOLATIONS OF ACADEMIC STANDARDS
http://www.uab.edu/shp/home/images/PDF/grievance%20procedures.pdf

IMPAIRMENT AND SUBSTANCE ABUSE
http://www.uab.edu/shp/home/images/PDF/SHP_Substance_Abuse_Policy.pdf

PLAGIARISM
http://www.uab.edu/shp/home/images/PDF/Plagiarism_Policy.pdf
Please note that all papers submitted for grading in any SHP program may be reviewed using the online plagiarism monitoring software, Turnitin.com. All documents submitted to Turnitin.com are added to their database of papers used to screen future assignments for plagiarism.
CDS POLICIES

ACADEMIC PROGRESS

Academic Progress Review is implemented to promote, assist, and maintain student performance. The main purpose is to provide feedback to students regarding their performance and to identify areas of strength and/or weakness in performance or behavior.

Generally speaking, program faculty and/or the program director may academically counsel students on a semester-by-semester basis to assess progress in the curriculum and to provide students counseling regarding deficiencies as needed. These meetings may be documented and the student may be required to sign the documentation of the academic progress sessions with associated notes placed in the students file.

In cases regarding deficiencies, suggestions and/or action plans may be developed in conjunction with the student so as to provide a plan for reversing the deficiencies by a specified timeframe. Such suggestions and/or action plans will be documented and signed (by both faculty and the student) and will be placed in the students file. If a student does not comply with the suggestions and/or action plan and/or does not meet the deadlines as specified, the student may be dismissed from the program.

ATTENDANCE AND EXCUSED ABSENCES

CDS Attendance Policy

Attendance is mandatory for all classes, lectures, labs, program-related seminars, clinical practice, internships, etc.

Absences are either excused or unexcused and both require timely notification to the course instructor. Students who are absent during clinical practice or an internship must notify both the program clinical practice coordinator/internship coordinator and the clinical practice instructor/clinical internship instructor as soon as possible. Time missed during clinical practice or the internship must be made up and this may result in a delay in graduation.

Below is a list of excused absences recognized by the Department of Clinical and Diagnostic Sciences and UAB:

- Absences due to jury or military duty, provided that official documentation has been provided to the instructor in a timely manner in advance.
- Absences of students registered with Disabilities Services for disabilities eligible for “a reasonable number of disability-related absences” provided students give their instructors notice of a disability related absence in advance or as soon as possible.
- Absences due to participation in university-sponsored activities when the student is representing the university in an official capacity and as a critical participant, provided that the procedures below have been followed:
Before the end of the add/drop period, students must provide their instructor a schedule of anticipated excused absences in or with a letter explaining the nature of the expected absences from the director of the unit or department sponsoring the activity.

- If a change in the absence schedule occurs, students are responsible for providing their instructors with advance notification from the sponsoring unit or department.
  - Absences due to other extenuating circumstances that instructors deem excused. Such classification is at the discretion of the instructor and is predicated upon consistent treatment of all students.
  - Absences due to religious observations provided that students give faculty written notice prior to the drop/add deadline of the term.

In instances resulting in unavoidable absence(s), a student is expected to inform the program office and the associated course instructor in advance of the planned absence. For unforeseen events (car accident or breakdown, injury), the student is expected to notify the program and course instructor at the earliest possible time.

Make-up of missed class information or assignments is the student’s responsibility. Make-up of class activities and projects is at the discretion of the course faculty – refer to individual course syllabi for more detailed attendance policies pertaining to the course.

*NOTE: The program cannot guarantee that all work missed for an excused absence can be made up. Some activities (including laboratories) due to their complex, time intensive, and/or cost intensive nature will not be able to be made up. Similarly, when students arrive to laboratories late they risk missing important information/directions that may adversely affect their grade. Instructors are not obligated to repeat directions for students when they are tardy.

**ATTENDANCE INFRACTIONS**

For each unexcused absence, there will be a 1% overall grade reduction for that course or lab per absence. Two tardies will equal one unexcused absence. A tardy is considered being more than 10 minutes late to class. Faculty may choose to include attendance and timeliness in grading criteria and may implement a more restrictive attendance policy. The attendance policy for each course will be described in all course syllabi. The Department of Clinical and Diagnostic Sciences also reserves the right to institute an attendance policy for official program/department activities.

**CONSENSUAL ROMANTIC RELATIONSHIPS**

**DATA PROTECTION AND SECURITY**

DRESS CODE
Guidelines for professional attire require consideration for patients, visitors, and coworkers, as well as personal safety. Therefore, CDS students are expected to promote a professional image by following these guidelines.

Clothing:
- Clothing should be clean, neat, in good repair, and appropriate for the profession.
- Casual or athletic wear such as sweat suits or warm-up pants are not acceptable.
- Shorts are not acceptable.
- Skirt length shall be no shorter than two inches above the top of the knee and may not be tight fitting.
- Undergarments shall be worn and shall not be visible, even when in stretching or bending positions.
- Shoes shall be appropriate for the work environment and compliant with professional attire. Flip flops are not appropriate.
- Caps or head coverings are not acceptable unless they are for religious purposes or are part of a uniform.
- Sunshades (or hand-tinted, non-prescription glasses) shall not be worn unless they are required for medical purposes.
- Identification badges shall be worn at all times.

Grooming:
Piercings
- Facial and/or body adornments are not permitted other than in the ear lobe.
- No more than two pairs of earrings may be worn. Earrings will be no longer than one inch in diameter or length.

Hair
- Hair should be clean and neat.
- Hair may not be dyed unnatural colors and/or have patterns.
- Hair ornaments should be moderate and in good taste.
- Hair should be well-groomed, closely trimmed beards, sideburns, and mustaches are allowed.

Daily Hygiene
- Daily hygiene must include clean teeth, hair, clothes, and body, including use of deodorant.

In addition to these basic guidelines, students are expected to follow any additional provisions of a facilities dress code while in clinical practice.

Dress Code Infractions:
Failure to comply with the above dress code requirements will result in removal from program activities until requirements are met. Students will be counted as absent (unexcused) and will receive a grade of zero for any missed work during that time with no opportunity to make-up the missed work.
*Note- The above Dress Code is a minimum standard set forth by the Department of Clinical and Diagnostic Sciences. Each program and/or course within CDS has the liberty to set forth and enforce a stricter dress code. Similarly, clinics also have their own dress codes that must be followed precisely.

**FOOD AND DRINK IN THE CLASSROOM**
Food or drinks in laboratories is prohibited. Food and drink in classrooms is allowed at the discretion of faculty.

**GRADING POLICY**
In each CDS course, the instructor will announce the grading criteria and publish it in the course syllabus. The following policy relating to the I (incomplete) grade or deferred credit supplements the School of Health Professions’ policy.

**INCOMPLETE & DEFERRED CREDIT POLICY**
The awarding of an “I” (incomplete) grade is not done lightly. An “I” will be given only when an emergency or unexpected event prohibits the student from meeting course objectives in a timely manner. A student receiving a grade of “I” (incomplete) must arrange with the instructor to complete the course requirements as soon as possible, and in order to progress within the program the student must arrange to complete the requirements prior to the final day of registration for the next term. A grade of “I” not changed by the instructor by the beginning of the next regular term will automatically convert to an “F.”

**INFECTION CONTROL**
Because students are working with patients having low immunities, the clinical supervisor reserves the right to send any student to UAB Student Health Services if the need arises. The clinical supervisor will call UAB Student Health Services and request that the student be sent off duty if he/she has an infection of any kind. The student must then acquire a doctor’s written permission to return to clinical education. Students are required to adhere to the policy of the clinical affiliate for working with patients with local infections or infectious diseases. Students are required to inquire about this policy at the beginning of rotation through a clinical affiliate.

**LIABILITY INSURANCE**
Liability insurance is provided by the University for all students registered for clinical education courses. The coverage protects students in any assigned clinical site to which they are assigned as a student.

**NON-ACADEMIC STUDENT CONDUCT**
[https://www.uab.edu/students/current-student-life/item/817-non-academic-student-conduct](https://www.uab.edu/students/current-student-life/item/817-non-academic-student-conduct)
**NON-RESIDENT TUITION POLICY**

**PREGNANCY POLICY**

All students are encouraged to inform the program director immediately in writing once pregnancy has been confirmed. If students choose not to inform the program of their pregnancy, the program will not consider them pregnant and cannot exercise options that could protect the fetus.

For students who voluntarily disclose pregnancy the program director will discuss factors to be considered in cases of pregnancy with the student based on acceptable professional guidelines.

A student is offered three alternatives after the consultation with the program director. These are:

1. Immediate withdrawal in good standing from the program. Readmission to the program after the pregnancy will be in accordance with the Readmit Policy.
2. Continuation in the program after being given specific instruction regarding safety practices, safety monitoring, and specific clinical and laboratory assignments.
3. Continuation in the program with additional safety monitoring but without modification of assignments.

The student must be able to progress in her educational experiences, both clinical and academic. If the student cannot, she will be strongly advised to withdraw as in alternative number one.

If there are any questions regarding any aspect of the above statements, please call the Program Director.
SECTION 3 – PROGRAM INFORMATION

WELCOME
Welcome to the UAB Bachelor of Science in Biomedical Sciences program. This student handbook has been compiled to provide you with information to help you as you progress through your program. Here are some of the reasons you made the right choice in selecting the B.S. in Biomedical Sciences.

- The Bachelor of Science in Biomedical Sciences program prepares graduates for health-related graduate and professional study or for entry into the biomedical science workforce.
- This program is built on a strong clinical and biomedical sciences curriculum that includes advanced coursework in physiology, pharmacology, clinical biochemistry, medical microbiology and immunology, and the pathological basis of disease; all taught in an integrated systems-based approach that focuses on human health, disease, and wellness.
- Numerous elective options allow students to incorporate many of the prerequisites for graduate program admission into the biomedical sciences program of study.
- This program allows students to create a tailored undergraduate educational experience to prepare for further study in an area of choice; such as physician assistant studies, medicine, dentistry, optometry, physical therapy, biotechnology, clinical laboratory science, genetic counseling, and many more.

Please take the time to read the student handbook and use it as your guide as you matriculate through the B.S. in Biomedical Sciences program. Where appropriate, the contact for more detailed information on various subjects has been included. Furthermore, the UAB web page links are included for some of the sections of this handbook and you are encouraged to review the links for information you may need. The UAB and School of Health Professions (SHP) pages have search engines to allow you to input keywords and find information. Finally, the campus directory and calendars are located on the main UAB page: www.uab.edu. If you need further explanation of any matter contained in this handbook, please do not hesitate to contact the BMD program director or BMD program advisor. Our faculty and staff look forward to working with you during your successful pursuit of the BMD program.

Bradley R. Newcomer, PhD
Professor and Program Director – Biomedical Sciences Program
Assistant Dean for Undergraduate Honors and Research
FACULTY & STAFF
The faculty and staff of the Biomedical Sciences program are prepared to deliver high quality education to all BMD students, and are committed to the growth of future professionals. The Biomedical Sciences program draws faculty from many disciplines and professional programs in the School of Health Professions and the Joint Health Sciences programs.

PROGRAM INTRODUCTION
The Bachelor of Science in Biomedical Sciences program at The University of Alabama at Birmingham was established in July of 2013. Its faculty and staff are committed to providing high quality educational opportunities that prepare students for health-related graduate and professional study or for entry into one of the fastest growing occupational sectors. This program is built on a strong clinical and biomedical sciences curriculum that includes advanced coursework in physiology, pharmacology, clinical biochemistry, medical microbiology and immunology, and the pathological basis of disease; all taught in an integrated systems-based approach that focuses on human health, disease, and wellness. Furthermore, numerous elective options allow students to incorporate many of the prerequisites for graduate program admission into the biomedical sciences program of study. This allows students to create a tailored undergraduate educational experience to prepare for further study in an area of choice; such as physician assistant studies, medicine, dentistry, optometry, physical therapy, biotechnology, clinical laboratory science, genetic counseling, and many more.

BMD PROGRAM MISSION STATEMENT
The B.S. in Biomedical Sciences Program exists to prepare graduates for entry into graduate or professional study in the health professions or for entry into one of the biomedical science workforce sectors.

BMD PROGRAM GOALS
The B.S. in Biomedical Sciences Program goals are as follows:
1. To deliver an academically sound program of study that develops the knowledge and skills required of students entering graduate or professional study in the health professions.
2. To recruit and retain well qualified diverse students.
3. To employ teaching formats and instructional media appropriate to achieve desired learning outcomes.
4. To provide a supportive and stimulating environment for faculty to achieve excellence in teaching and scholarly activities.

ADMISSION TO THE B.S. IN BIOMEDICAL SCIENCES PROGRAM
Admission options are based on the student’s previous academic work and personal interests. Students intending to enroll in the B.S. in Biomedical Sciences (BMD) program must meet all UAB undergraduate admission and academic requirements. The following requirements apply and must be met prior to enrolling into the BMD program.
1. Students must declare the Biomedical Sciences major and meet with a BMD advisor prior to enrollment in the BMD program. A background check, drug screen, and health-related information are required at the time of enrollment in the core BMD courses and required prior to any practicum or lab placements.
2. Program Admission from High School.
   • Must be a graduate of an accredited high school with a grade point average of a 2.75 or higher on a 4.0 scale for admission.
   • Achieved an ACT Composite Score of 22 or higher.
   • Able to place in College English 101 or higher and College Math 105 or higher.
   • Must meet all UAB undergraduate admission and academic requirements.
   • If accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service.

3. Program Admission from Community College or University, including UAB.
   • Must be a graduate of an accredited high school.
   • Must meet all UAB undergraduate admission and academic requirements.
   • If accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service.
   • Must hold a 2.75 or higher Overall GPA on a 4.0 scale for admission to the Biomedical Sciences Program.

4. Other Biomedical Sciences Program Requirements.
   • All prerequisite course work must be completed with a grade of C or better.
   • A minimum 2.75 Overall GPA and 2.00 UAB institutional GPA must be maintained to remain enrolled in the B.S. in Biomedical Sciences program.

Overall Application Procedure:
Applications are accepted at any time, and students may be enrolled during any term. Applicants should submit the following materials:

To the UAB Undergraduate Admissions Office:
   • Completed UAB undergraduate application form, indicating SHP as the school, and application fee, if applicable (if enrolled at UAB in another major, complete a Change of School/Major Request using the online form available on BlazerNET).
   • Official transcripts from each college or university attended.

To the Biomedical Sciences Program Office in the School of Health Professions:
   • The student should request an appointment with a Biomedical Sciences program advisor prior to the term of initial enrollment. It is essential to have transcripts of previous coursework available during the enrollment interview.
CURRICULUM

Students in the undergraduate Biomedical Sciences Program complete specific courses according to a planned and structured program of study. Students fulfill both core degree requirements and major/professional curriculum requirements in a logical sequence. The sequence is intended to facilitate success in the overall degree requirements.

Through the curriculum, students develop communication skills, acquire interdisciplinary knowledge in the biomedical sciences, and develop critical thinking and problem solving skills applicable to scientific, public and clinical issues. Students also develop their ability to acquire and evaluate new knowledge and perspectives critically, and to communicate their ideas to others effectively. The core curriculum enables students to learn about ethnic, cultural, and social groups other than their own. Exposure to diversity in the academic setting enhances performance in a multicultural work setting.

Graduates should demonstrate achievement of the following professional curriculum goals:

- Communicate effectively in speaking and writing
- Demonstrate a fundamental knowledge in the biomedical sciences
- Solve problems by generating, evaluating, and selecting alternative solutions
- Acquire and synthesize knowledge from diverse sources
- Critically evaluate scientific results and apply key findings to the biomedical sciences and clinical situations
- Demonstrate ethical reasoning by analyzing, evaluating, and defending decisions regarding ethical and clinical issues
## UAB Core Curriculum Requirements for the Biomedical Sciences Program

<table>
<thead>
<tr>
<th>UAB/Program Core Curriculum (UAB Equivalents)</th>
<th>Semester Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Area I. Written Composition (6 hours)</strong></td>
<td></td>
</tr>
<tr>
<td>English Composition I, II (EH 101, 102)</td>
<td>6</td>
</tr>
<tr>
<td><strong>Area II. Humanities and Fine Arts (12 hours)</strong></td>
<td></td>
</tr>
<tr>
<td>Literature¹</td>
<td>3-6</td>
</tr>
<tr>
<td>Fine Arts Elective</td>
<td>3</td>
</tr>
<tr>
<td>Electives¹</td>
<td>6-9</td>
</tr>
<tr>
<td><strong>Area III. Natural Sciences and Mathematics (11 hours)</strong></td>
<td></td>
</tr>
<tr>
<td>Pre-Calculus (MA 106) or higher²</td>
<td>3-4</td>
</tr>
<tr>
<td>General Chemistry I and II (CH 115/116, 117/118)</td>
<td>8</td>
</tr>
<tr>
<td><strong>Area IV. History, Social, &amp; Behavioral Sciences (12 hours)</strong></td>
<td></td>
</tr>
<tr>
<td>History¹</td>
<td>3-6</td>
</tr>
<tr>
<td>Social &amp; Behavioral Sciences (Anthropology, Economics, Geography, Political Science, Psychology, Sociology)³</td>
<td>6-9</td>
</tr>
<tr>
<td>Elective¹</td>
<td>3</td>
</tr>
<tr>
<td><strong>Area V. Pre-professional, Major, &amp; Elective Courses (19-23 hours)</strong></td>
<td></td>
</tr>
<tr>
<td>Freshman Year Experience (HRP 101 or equivalent)</td>
<td>2</td>
</tr>
<tr>
<td>Introductory Biology I and II (BY 123, 124)</td>
<td>8</td>
</tr>
<tr>
<td>Organic Chemistry I and II (CH 235/236, 237/238)</td>
<td>8</td>
</tr>
<tr>
<td>Statistics (HCM 360, MA 180, or PY 216)</td>
<td>3-4</td>
</tr>
<tr>
<td>Research Methods (BMD 380 or HCM 460 or PY 315)</td>
<td>3</td>
</tr>
</tbody>
</table>

¹ A 6-semester hour sequence either in literature or in history is required; if a second literature is chosen, it will apply as 3 of the elective hours in Area II Humanities and Fine Arts; if a second history is chosen, it will apply as 3 of the elective hours in Area IV History, Social, and Behavioral Sciences.

² Calculus I (MA 125) may be required by some post-graduate programs and is highly recommended.

³ Should be chosen based on post-graduate program pre-requisite requirements. Psychology and Sociology electives are highly recommended.

**SHP Honors Program Hours:** Up to 6 semester hours of School of Health Professions Honors Program courses (HRP 401, HRP 402, and HRP 410) may count as elective credit with Program Director’s permission.

**UAB Electives:** Additional elective options can be approved by Program Director based on a specific student’s degree and post-graduate program interests.

**BMD Program Academic and Operational Policies**

The Biomedical Sciences Program policies and procedures are established to provide an environment that is conducive to learning. In addition to UAB and SHP policies, the following policies include overall program operational and academic policies. Should there be a programmatic question or need not addressed in one of the published policies in this handbook, you should contact the BMD Program Director or Academic Advisor of the Program.

**Academic Examinations and Testing**

Students are expected to read and comply with all academic regulations as published in the UAB catalog, the SHP catalog, the UAB Class Schedule, and the BMD Handbook.

If serious circumstances, such as, illness, make absence from class unavoidable, the student is responsible for making arrangements to reschedule any missed assignments or exams within one week after the original due date. The student must obtain a signed statement from a physician or other relevant documentation and submit it to the instructor.

Quizzes and examinations will be administered through the Canvas Learn course sites, and will be given only on the scheduled dates at specified times. Scheduled examinations may be taken on an alternate date only if appropriate arrangements are made one week prior to the time of the examination. The
course syllabus will note testing requirements for each course. Failure to follow this policy may result in a grade penalty or a zero for the examination.

Make-up exams for unexcused absences will be conducted at the discretion of the course instructor. An instructor may apply a penalty or a zero for the examination. In the event of illness or family emergency, the student must obtain a signed statement from a physician or other relevant documentation and submit it to the instructor.

Scholastic Requirements

- **Program of Study:** Many courses in the BMD curriculum have designated prerequisites. Students may not take courses out of sequence without permission from the BMD program director. A student’s program of study is documented following transcript evaluation and initial academic advising. Students will be provided with a curriculum plan when they begin the BMD program. Failure to adhere to the program of study may result in delays towards degree completion and graduation.

- **Curriculum Progression:** The minimum level of achievement for progression to the next course in sequential courses is a course grade of “C.”

  A current student who receives a “D” or an “F” in any required course while admitted to the Biomedical Sciences program will be dismissed from the program unless there are extenuating circumstances. These circumstances must be extreme in order to be considered. In the case of extreme circumstances, the student will be suspended from the program rather than expelled, and must wait until the next time the course in which the failing grade was made is offered again. The student will then be allowed to take the course again. Under the recommendation of the program director, the student may be required to take remedial courses prior to repeating a Biomedical Sciences course. If the student passes the course, then the student may petition the program director for re-entry into the program. Re-entry into the Biomedical Sciences program is NOT guaranteed. If the student takes the course again and still fails to make a grade of “C” or greater; the student will be expelled from the program.

- **Grading:** Faculty instructors in each course are responsible for grading assignments, papers, exams, and projects. Grading criteria are published in each course syllabus.

- **Course Overload Requirements:** Students wishing to register for more than 18 semester hours in a single semester will be required to have program director permission. It is expected that students have at least an overall GPA of 3.0 in order to be granted course overload permission.
Student Responsibilities

- Maintain academic integrity by refraining from cheating. Incidents of cheating among others should be reported if and when it is witnessed.
- Check email on a daily basis.
- Turn off all cell phones and/or beepers prior to beginning class.
- Report to all class meetings on time.
- Bring all course materials to class.
- Assist in maintaining a constructive classroom environment by refraining from inappropriate disruptions or outbursts. Respectful behavior toward instructors, classmates, and guests is expected.
- Have access to a computer with MS Office software for participation in on-line work (software available through UAB at reduced cost to students.)
- Failure to meet student responsibilities may lead to counseling, reprimand, and/or probation.

Academic Misconduct

- **Cheating:** If a student is caught and proven to be cheating, the student is in violation of the UAB Honor Code and will be subject to the BMD program policies and UAB policies on Academic Misconduct. At a minimum, the student will receive a zero for the quiz, exam, or assigned work and will be put on Academic Probation. If placed on Academic Probation, a second infraction OF ANY KIND will result in a failing grade for the course and/or dismissal from the BMD program.

- **Plagiarism:** All papers and assignments must be the original work of that student, or have the work of another cited properly using APA style in quotation marks with proper reference notations immediately following the direct quote. If a student is proven to have plagiarized another individual’s work the student is in violation of the UAB Honor Code and will be subject to the BMD program policies and UAB policies on Academic Misconduct. The written work of all students will be monitored for plagiarism through the use of the instructor assessment, internet browsers such as Google.com, and the use of TurnItIn.com via Canvas Learn that automatically checks several data bases for plagiarism.

  At a minimum, the student will receive a zero for the assigned work in question, and will be placed on Academic Probation. If placed on Academic Probation, a second infraction OF ANY KIND will result in a failing grade for the course and/or dismissal from the BMD program due to flawed ethics and the inability to follow the rules.

Advising and Mentoring

All students in the Biomedical Sciences (BMD) Program will be assigned an academic advisor. The advisor will serve as a consultant to the student and conduct academic progress reviews. The student should plan to meet with the advisor at least once during each semester. If a student has a problem
directly relating to an individual course, it is recommended that the student meet with the instructor of the course.

Mentoring, Peer Mentoring, and Tutoring are all highly recommended for BMD students to utilize. The Biomedical Sciences Program peer mentors and tutors will consist of BMD upper level students. Students can contact peer mentors and tutors through the BMD academic advisor.

**Professional Student Organizations**

*The Biomedical Sciences Student Organization (BMD)* is open to all BMD students. The Association was established in 2014 to build a communication forum for students and faculty. For more information regarding the BMD Student Organization, contact the Biomedical Sciences academic advisor or BMD program director.

**Student Honor Code**

In addition to the UAB Academic Honor Code, the faculty and staff of the Biomedical Sciences (BMD) Program expect an acceptable quality of work and mature behavior from every student. Students, as adults, are expected to conduct themselves accordingly and to accept responsibility for their personal behavior. In accepting this responsibility, the students in the BMD Program will not lie, cheat, or steal. A student involved in academic misconduct such as knowingly giving and/or receiving unauthorized aid in tests and examinations, plagiarizing, or any other acts of dishonesty in academic work will be recommended for immediate dismissal from the BMD Program. In addition, students who tolerate a violation of the student honor code will be subject to disciplinary action.

**Dress Code**

Clothing should be clean, neat, in good repair, and appropriate for class. Business casual dress is preferred for class; shorts and abbreviated tops are not acceptable.

When at internship sites, clinic sites, or research labs, students are required to adhere to the attire guidelines for that facility. Please contact the BMD program director or advisor with questions.

**Students may be dismissed from the BMD program at any point during the program due to positive drug screen of illegal activity.** Please refer to the policy section of this handbook for the policy statement.

**GRADES**

Final grades and credits for each student are recorded and preserved as a permanent record at UAB. The final grades for academic courses are compiled and proportioned to develop a final course grade. The course instructor will inform the students at the beginning of each term in each course syllabus of the system of proportioning of scores used to develop the course grade. Minimum performance criteria designated by the course instructor must be achieved by the student. These criteria indicate the level of competency of the individual student.
Grades are awarded according to the level of the student’s achievement in each course. The grades for academic courses are indicated by letters:

- **A** = Excellent
- **B** = Above Average
- **C** = Average
- **D** = Inadequate (undergraduate only)
- **F** = Failure
- **P** = Pass
- **W** = Withdrawal, a notation (Not a Grade) assigned by the Registrar and reflects an administrative action initiated by the student in accordance with UAB regulations.
- **I** = Incomplete, a temporary notation assigned a student who has not completed course requirements.
- **N** = No Grade Submitted, a temporary notation made by the Registrar if the course instructor does not assign a grade prior to issuing of grade reports or when the course is designated to extend beyond a single term.
- **X** = Absent from Final Exam

* An “I” will be given only when an emergency or unexpected event prohibits the student from meeting course objectives in a timely manner and if there is reasonable expectation that the course requirements can be satisfactorily completed by the end of the following term. The notation of “I” will convert to an “F” unless an extension is requested specifying the date the student will complete the course requirements. Refer to the department policy for awarding a grade of Incomplete.

The student’s grade point average is calculated by dividing the total quality points earned by the semester hours attempted. Semester hours attempted is defined as the total semester hours for any course in which the student was registered on a regular basis and receives an A, B, C, D, or F. Quality points are awarded as follows:

<table>
<thead>
<tr>
<th>Quality Points</th>
<th>Letter Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>A</td>
</tr>
<tr>
<td>3</td>
<td>B</td>
</tr>
<tr>
<td>2</td>
<td>C</td>
</tr>
<tr>
<td>1</td>
<td>D</td>
</tr>
<tr>
<td>None</td>
<td>P, NP, or F</td>
</tr>
</tbody>
</table>

**Technology Use in the Classroom**

**UAB’s Policy**

The use of any personal computational or communications devices in the classroom, not otherwise governed by UAB or course policies, is subject to the approval of the instructor. This includes (but is not limited to) the use of calculators, computers, personal digital assistants, text pagers, and cell phones. Any use of such devices without instructor approval is not permitted. The use of such devices without permission of the instructor may be considered a violation of UAB’s non-academic conduct policies.
use of such devices to facilitate an act of academic misconduct (such as cheating or plagiarism) will be considered a violation of the UAB Academic Honor Code and will be sanctioned as outlined in the Code.

http://www.uab.edu/students/academics/honor-code

A student must notify and get the approval of the instructor if there are circumstances that may require him/her to have access to a cell phone while in the classroom. In such cases, if permission is granted, the student must have the phone in silent mode (vibrate) and will need to exit the classroom to answer the call or respond to the text.
GUIDELINES FOR AMERICANS WITH DISABILITY ACT COMPLIANCE

B.S. IN BIOMEDICAL SCIENCES

Essential Functions and Technical Competencies

I. Essential Components
   A. Program Purpose
      The B. S. in Biomedical Sciences prepares graduates for entry into the biomedical science workforce or for graduate and professional study in the health professions. This program is built on a strong clinically focused biomedical sciences curriculum with numerous elective options. Upper level coursework is restricted to individuals who have completed prerequisite coursework and attained the minimum cumulative grade point average as specified in the course catalog. All admission requirements are published in the UAB Undergraduate Catalog.

   B. Essential Functions and Technical Competencies
      Education in the Biomedical Sciences requires the acquisition of academic knowledge, specialized communication skills, as well as professional attitudes and behaviors. Graduates must have the knowledge and skills to function in a broad variety of situations and environments.
      Three learning environments include, but are not limited to, the following:
      1. Didactic Courses
      2. Practicum/Lab Courses
      3. Distance-Accessible Courses

      The technical skills and essential functions required for each of these learning environments are detailed below.

Didactic Course Standards:

<table>
<thead>
<tr>
<th>Issue</th>
<th>Standard</th>
<th>Some Examples of Necessary Activities (not all inclusive)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Critical Thinking</td>
<td>Critical thinking ability sufficient for the application and synthesis of course concepts.</td>
<td>Students should be able to identify problems and propose innovative solutions through applying principles learned in the classroom.</td>
</tr>
<tr>
<td>Interpersonal</td>
<td>Interpersonal abilities sufficient to interact with individuals and groups from diverse backgrounds.</td>
<td>Establish rapport with colleagues; work in groups on course activities.</td>
</tr>
<tr>
<td>Communication</td>
<td>Communication abilities sufficient for interaction with others in verbal and written form.</td>
<td>Able to complete written assignments, participate in classroom discussion/activities, complete group projects. Can focus on class activities without disruptive interruptions.</td>
</tr>
</tbody>
</table>
### Motor Skills

**Gross and fine motor abilities sufficient to complete class assignments.**

Able to access and use a computer when required. Able to complete testing and assignments through the required computer systems.

### Practicum and Lab Course Standards:

<table>
<thead>
<tr>
<th>Issue</th>
<th>Standard</th>
<th>Some Examples of Necessary Activities (not all inclusive)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Critical Thinking</td>
<td>Critical thinking ability sufficient for the application of course concepts to the laboratory or practicum environment.</td>
<td>Students should be able to identify problems and propose innovative solutions to situations observed in the laboratory/practicum environment. Should be able to apply principles learned in the classroom to situations observed in the laboratory/practicum environment.</td>
</tr>
<tr>
<td>Interpersonal</td>
<td>Interpersonal abilities sufficient to interact with individuals and groups from diverse backgrounds.</td>
<td>Establish rapport with colleagues and members of the community.</td>
</tr>
<tr>
<td>Communication</td>
<td>Communication abilities sufficient for interaction with others in verbal and written form.</td>
<td>Should be able to document and maintain records of information and ideas from the laboratory/practicum experience. Should be able to articulate ideas effectively through oral (group discussions, public presentations) or written (scientific poster, manuscript writing, grant writing) means.</td>
</tr>
<tr>
<td>Motor Skills</td>
<td>Gross and fine motor abilities sufficient to provide safe and effective use of equipment; including the ability to sufficiently use a computer and required software.</td>
<td>Have the manual dexterity to calibrate and use instruments to perform protocols that require execution using fine motor skills. Ability to complete assignments through the required computer systems.</td>
</tr>
<tr>
<td>Hearing</td>
<td>Ability to communicate with others in the laboratory/practicum environment; ability to hear sufficiently to provide safe and effective use of equipment.</td>
<td>Ability to communicate with others in the laboratory/practicum environment. Ability to monitor equipment alarms and signals. Ability to complete online audiovisual presentations.</td>
</tr>
<tr>
<td>Visual</td>
<td>Visual ability sufficient for observation and assessment necessary in the laboratory/practicum environment.</td>
<td>Ability to observe their surroundings and what they are working on. Ability to monitor laboratory techniques involving reactions that generate visible results at different stages. Ability to complete reading assignments and watch audiovisual presentations.</td>
</tr>
</tbody>
</table>
Distance-Accessible Course Standards:

<table>
<thead>
<tr>
<th>Issue</th>
<th>Standard</th>
<th>Some Examples of Necessary Activities (not all inclusive)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tactile</td>
<td>Tactile ability sufficient for the safe and effective operation of laboratory procedures and equipment.</td>
<td>Ability to feel what they are working on in situations where laboratory techniques require the tactile confirmation of results.</td>
</tr>
<tr>
<td>Critical Thinking</td>
<td>Critical thinking ability sufficient for the application and synthesis of course concepts.</td>
<td>Should be able to synthesize reading assignments and complete written course assignments. Should be able to identify problems and propose innovative solutions to those problems through applying principles learned in the course.</td>
</tr>
<tr>
<td>Interpersonal</td>
<td>Interpersonal abilities sufficient to interact with individuals and groups from diverse backgrounds.</td>
<td>Interact with classmates and course instructors on course related subjects, able to work with other students on a group project.</td>
</tr>
<tr>
<td>Communication</td>
<td>Communication abilities sufficient for interaction with others in verbal and written form.</td>
<td>Communicate with faculty and other students via e-mail and electronic threaded discussions.</td>
</tr>
<tr>
<td>Motor Skills</td>
<td>Physical abilities sufficient to use a computer and required software.</td>
<td>Ability to complete written assignments and complete examinations through the required computer systems.</td>
</tr>
</tbody>
</table>

II. Methods of Assessment
   Negotiable; however, all students are graded equally based on their own work.

III. Acceptable levels of Performance
   A. Specific knowledge, principles and concepts outlined in required courses should be mastered at a minimal level.
   B. All required Biomedical Science (BMD) courses outlined in the curriculum should be completed with minimum grade of “C”
   C. Each course requires a minimum of 70% on examinations or graded products; including the exit examination given in the capstone experience course.

IV. DSS Statement
   Any student needing academic accommodations for a disability should contact UAB Disability Support Services. BMD faculty and staff will collaborate with DSS and the student in order to provide reasonable accommodations for students with disabilities. Accommodations will only be provided when they do not conflict with technical standards for the program.
