The University of Alabama at Birmingham (UAB) is accepting applications for a full-time, 12 month faculty position in the Health Physics Program, Department of Clinical and Diagnostic Sciences, School of Health Professions (SHP), due to the start of a new Master in Health Physics Program. Salary, academic rank, and tenure status will be commensurate with qualifications and experience. Fringe benefits are provided that include a retirement plan, health care benefits, and generous paid time off. SHP is one of our nation’s largest and most diverse schools of its type with more than twenty programs at the baccalaureate, masters, and doctoral levels.

UAB is nationally renowned with the Carnegie classification of RU/VH: Research Universities (very high research activity). UAB contains an academic medical center with multiple opportunities for collaborative scholarly activities. This position will minimally require a Doctoral degree in Physics, Health Physics, Medical Physics, or a closely related field; and certification by the American Board of Health Physics (ABHP), or American Board of Medical Physics (ABMP), or American Board of Radiology (ABR). Preference will be given to applicants with three to five years’ experience in teaching and expertise in design and development of a curriculum for graduate level Health/Medical Physics courses, or a strongly related field. Candidates with excellent interpersonal and written/oral communication skills, along with administrative and research experience preferred. Duties are shared among the UAB School of Health Professions, UAB School of Medicine, and UAB Radiation Safety office. Responsibilities include participation in teaching, research, and service. Birmingham is an international city that enjoys a reputation as one of America’s best places for a family to live, work, and play.

UAB is an Equal Opportunity/Affirmative Action Employer committed to fostering a diverse, equitable and family-friendly environment in which all faculty and staff can excel and achieve work/life balance irrespective of, race, national origin, age, genetic or family medical history, gender, faith, gender identity and expression as well as sexual orientation. UAB also encourages applications from individuals with disabilities and veterans. A pre-employment background investigation is performed on candidates selected for employment. Review of applications will begin immediately and continue until the position is filled. Please send letter of interest, curriculum vitae, and the names of three professional references to:
