Nominations and applications are invited for full-time, twelve-month faculty positions. The University of Alabama at Birmingham (UAB), School of Health Professions, Department of Nutrition Sciences is seeking doctorally-prepared scientists with track records in studying lifestyle factors (diet, exercise, etc.) and nutritional status in relation to cancer risk and progression. Appointments at the rank of Professor, Associate Professor or Assistant Professor are being considered, with rank and tenure status based on qualifications. Candidates must have an MD, DrPH, or PhD. Successful senior candidates will be expected to demonstrate a track record of a sustained program of research in this area, including mentoring of junior faculty and trainees.

Recruited faculty will play an active role in the Department of Nutrition Sciences and the UAB Comprehensive Cancer Center. The Department of Nutrition Sciences (www.uab.edu/nutrition) has more than 18 full-time faculty members and more than 90 staff, students, and postdoctoral fellows involved in basic, animal, physiologic, clinical and community-based research, service, and teaching. The department has a robust portfolio of extramural research funding, and is one of only a select number of institutions to host both a Nutrition and Obesity Research Center (NORC) and the Diabetes Research Center (DRC). The UAB Comprehensive Cancer Center (www.ccc.uab.edu) is one of the original NCI-designated comprehensive cancer centers, holds over $140 million dollars in extramural research funding, and is comprised of 7 major research programs, 15 shared facilities, and 4 SPORES. UAB is a flourishing urban university and medical center with research funding exceeding $433 million.

UAB is an Equal opportunity/affirmative action employer committed to fostering a diverse, equitable and family-friendly environment in which all faculty and staff can excel and achieve work/life balance irrespective of, race, national origin, age, genetic or family medical history, gender, faith, gender identity and expression as well as sexual orientation. UAB also encourages applications from individuals with disabilities and veterans. Review of applications will begin immediately and continue until the position is filled.

Please send letter of interest, and curriculum vitae to:

Wendy Demark-Wahnefried, PhD, RD  
Professor of Nutrition Sciences and Associate Director,
