Tuesday Tip

How to Enable LockDown Browser for Exams

While the checkbox to Require Respondus LockDown Browser is still an option under your quiz settings, this will soon be changing. Instructors should now access the **LockDown Browser** from the Canvas course navigation. Upon selecting the LockDown Browser link, a list of quizzes in the course is displayed.

- Select **Modify Settings** from the context menu to the left of the quiz title.

- Select "Require Respondus LockDown Browser for this exam." You may require that LockDown Browser be used to view quiz feedback and results. Optionally, apply an access code.

Final Exam

LockDown Browser Settings

○ Don't require Respondus LockDown Browser for this exam
● Require Respondus LockDown Browser for this exam
  ☑ Require LockDown Browser to view feedback and results

Password Settings

Access code for this exam (optional) [＿＿＿＿＿＿＿＿＿＿]

[+] Advanced Settings
