

## Tuesday Tip

### New Technology Alert: GoReact

If your students create videos for projects or assignments, you need to know about GoReact. GoReact is now available as an external tool in Canvas. It allows students to create or submit video assignments and receive both instructor and peer feedback. Watch this video for more info.

Click [here](#) to access the GoReact Getting Started Guide for Instructors. From this webpage, click on the Canvas tab under "Which platform are you using?" for information on creating assignments.

If you would like help getting started with GoReact, just let the [ISS team](#) know!

For more information, please contact the [ISS team](#).
