

Tuesday Tip

Spring Cleaning Series

Storage space in GoToMeeting and GoToTraining is limited. If you record class lectures, you've probably already discovered this. Today's tip will help you free up space without losing your recordings forever. Best of all, it only involves two major steps:

1) Upload recordings to Kaltura. What is Kaltura, you ask? Click [here](#) for a quick overview, or [here](#) to get started using Kaltura.

2) Delete recordings from GoToMeeting/Training.

As always, feel free to contact the ISS team if you need assistance or have questions. We're here to help!

Happy spring cleaning!
