FAQs

Do I have to have a team first? No, you will sign up individually and be randomly assigned to a team. In doing this, we hope to create maximum inter-professional collaboration and teamwork.

Can I form my team before the Hack? No, you will sign up individually and be randomly assigned to a team during the event. However, please encourage your friends and colleagues to sign up as well, depending on the draw, perhaps they could be on your team or you can compete against them!

Are there ID requirements or an age limit to enter the event? We do ask that students bring their student ID card.

What can/can't I bring to the event? Please bring your laptop, ipad, surface or favorite device for use and any supplemental material you choose. There will be internet made available to you via the Innovation Depot.

Where can I contact the organizer with any questions? You can email us at joe.duncan@bhsala.com at any time with questions.

Can I get a refund? No refunds will be given for the event. If you have registered and cannot attend the event, we encourage you to reach out and find someone who you can transfer your registration to. (Please contact us to handle any transfers).

Is my registration/ticket transferrable? Please contact us first and we will handle the transfer.

Do I have to be a software developer/coder to participate in the hack? No, this isn't just your standard hackathon. However, if you are developer and want to code for your presentation - we won't stop you.

Do I have to bring my printed ticket to the event? You do not have to bring your ticket.

Will I have additional forms to fill out for the Hack? Each hack participant will be given a Hack Participant Agreement to sign at registration.

Will there be food and prizes? Yes, we are excited to give prizes or our winners!

Prizes are team prizes, for example, $2500 for a five person team is $500 per person.
How will the score the entries? The Entries will be judged according to the following criteria:

- originality/creativity (20%);
- innovation (25%);
- analytical skills (10%);
- strategic thinking (15%) and
- practical implementation (30%).

Each video submitted will be reviewed by 2-3 judges with relevant experience in the field. The video submissions will be narrowed down to 5 finalists that will present their submission in front of 5 judges who will decide the winners.

The Entry that earns the highest overall score will win. Each Entry must be original, of the Participant's or Participant's teams own creation and newly written during the Hackathon and must not have been entered in any other competition or program similar to the Hackathon, including other competitions conducted by Sponsors.

Who can participate? The Hackathon is open to students and professionals, who will come together to develop and share ideas while receiving feedback from experts in healthcare, business, public health and software development. Food will be provided throughout the event for our participants, and prizes will be awarded to the winning teams.
