An Amendment to the USGA Code of Laws Title X, Section 1000.0

Whereas the USGA Code of Laws has seen many adjustments in the past years, and
Whereas minor changes of position names such as that of Chairperson of Finance to Vice President of Finance mentioned in it have not been kept consistent throughout the years, and
Whereas the editing of these minor changes does not affect the main meaning of any sections in the document, and
Whereas there is no way to make these corrections easily since they are not specifically defined as an error within the Code of Laws.

Therefore, let Title X - Corrections to the Code of Laws, Section 1000.0 be revised to include “Continuity and consistency errors”
